styles are startlingly diverse reflecting his life and era from Tsarist Russia to 1920s France and post war USA His early years in Russia saw him launch his international career with Dyagilev's Ballets Russes in Paris and the premieres of The Firebird Petrushka and The Rite of Spring Between 1920-1939 Stravinsky lived and worked in France producing his great neo-classical compositions reactivating the modes and manners of the eighteenth century This stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the United States This biography of Igor Stravinsky is one in a new series of composer biographies derived and adapted from the second edition of The New Grove Dictionary of Music and Musicians These newly written biographies bring the best of the book length pieces in The New Grove to a wider audience Each title provides fresh new insights into the life and works of a major composer derived from the most recent scholarship In addition to a detailed and informative view of the subject's life and works written by an expert in the field each book includes comprehensive tabular work lists and a fully revised and updated bibliography

**Stravinsky, God, and Time** Helen Sills, 2022-08-01 If as Robert Craft remarked religious beliefs were at the core of Stravinsky's life and work why have they not figured more prominently in discussions of his works Stravinsky's coordination of the listener with time is central to the unity of his compositional style This ground breaking study looks at his background in Russian Orthodoxy at less well known writings of Arthur Louri and Pierre Souvtchinsky and at the Catholic philosophy of Jacques Maritain that shed light on the crucial link between Stravinsky's spirituality and his restoration of time in music Recent neuroscience research supports Stravinsky's eventual adoption of serialism as the natural and logical outcome of his spiritual and musical quest
