## **Street Graphics Tokyo:**

**Street Graphics Tokyo** Barry Dawson, 2002-11-26 Street graphics have become the visual language of cities Signs and symbols instruct, inform, portray concerns and express aspirations. Culturally specific, they are also increasingly universal, always creative and always fun. Tokyo's vibrant street graphics combine ancient tradition, twentieth century mass production and a twenty-first century urban vision that is uniquely Japanese. A colorful clash of imagery renders the familiar strange and the strange bizarre. Cartoon characters can signify the police or pornography. Fashion statements are derived from diverse sources: ancient Egypt or even a hospital operating room. Slot machines vend erotica, pets and cops are robots tempting dishes of sushi turn out to be inedible plastic representations. Ridley Scott's futuristic film *Blade Runner* was inspired by Tokyo's neon nightscape where a fashionable department store doubles as a giant digital TV screen featuring lifesize dinosaurs in *Godzilla*'s hometown. Barry Dawson's photographic vision of Tokyo forms a creative reference for students and designers as well as an imaginative, offbeat pictorial guide for visitors and armchair travelers.

**The World Atlas of Street Art** Rafael Schacter, 2023-06-15 This truly global and visually stunning compendium showcases some of the most breath-taking pieces of street art and graffiti from around the world. Featuring specially commissioned works from major graffiti and street art practitioners, it offers you an insider's view of the urban landscape as the artists themselves experience it. Organized geographically by continent and by city, from New York, Los Angeles, and Montreal in North America through Mexico City and Buenos Aires in Latin America to London, Berlin, and Madrid in Europe, Sydney and Auckland in the Pacific, as well as brand new chapters covering Africa and Asia, it profiles more than 100 of today's most important artists and features over 700 astonishing artworks. This beautifully illustrated book, produced with the help of many of the artists, it features dispels the idea of such art as a thoughtless defacement of pristine surfaces and instead celebrates it as a contemporary and highly creative inscription upon the skin of the built environment.
