## The Cain Factor:

Genesis - Fact or Fiction REV. ARTHUR ABRAHAM, 2004 Genesis Fact or Fiction by REV ARTHUR ABRAHAM is a detailed account of the first book of the old testament The commentary overview is not based on the author's opinion The book is established from and totally supported by the bible The author's objective is to convey a clear understanding of the book of Genesis and highlights God's law on key issues that are still relevant in today's world GENESIS FACT OR FICTION also gives the reader a detailed look at God's grace love and mercy toward humanity as evidenced by his dealings with the main characters in Genesis Murder, in Fact Lana A. White, 2020-11-24 With the 1965 publication of *In Cold Blood* Truman Capote declared he broke new literary ground But Capote's nonfiction novel belongs to a long Naturalist tradition originating in the work of 19th century French novelist Emile Zola Naturalism offers a particular response to the increasing problem of violence in American life and its sociological implications This book traces the origins of the fact based homicide novel that emerged in the mainstream of American literature with works such as Frank Norris's *McTeague* and flourished in the twentieth century with works such as Theodore Dreiser's *An American Tragedy* and Richard Wright's *Native Son* At their heart is a young man isolated from community who acts out in desperate circumstances against someone who reflects his isolation A tension develops between how society views this killer and the way he is viewed by the novelist The crimes central to these narratives epitomize the vast gap between those who can aspire to the so called American dream and those with no realistic chance of achieving it The Negro as a Political and Social Factor Frank G.
