Man, Interrupted James Bailey, 2011-03-18 James Bailey's form of obsessive compulsive disorder OCD was as bizarre as it was unbearable He was obsessed by a fear of drugs and their effects believing himself to be in constant danger of becoming insanely high through people spiking his food or even by just touching a photograph of a marijuana leaf The treatment programme he went through at a specialist American clinic was challenging to say the least He was asked to shake hands and mingle with the local junkies fighting his anxieties and the urge to go and wash for as long as possible in order to expose himself to his fears Man Interrupted gives us a glimpse into the tortured world of a man suffering from what is an increasingly common disorder But far from being a doom laden account of mental illness the result is uniquely revealing hilariously entertaining and wonderfully rewarding The Youth's Companion
