## **The Death Wheelers:**

**Spinegrinder** Clive Davies, 2015-03-06 First came video and more recently high definition home entertainment through to the internet with its streaming videos and not strictly legal peer to peer capabilities. With so many sources available today a fan of horror and exploitation movies isn't necessarily educated on paths well trodden. Universal classics 1950s monster movies Hammer as once they were. They may not even be born and bred on DAWN OF THE DEAD. In fact anyone with a bit of technical savvy quickly becoming second nature for the born clicking generation may be viewing MYSTICS IN BALI and S S EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento. In this world H G Lewis so called godfather of gore carries the same stripes as Alfred Hitchcock master of suspense. SPINEGRINDER is one man's ambitious exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema of a sort that most critics won't care to write about. One opinion 8 000 reviews or thereabouts.

**British Trash Cinema** Ian Hunter, 2019-07-25 BRITISH TRASH CINEMA is the first overview of the wilder shores of British exploitation and cult paracinema from the 1950s onwards. From obscure horror science fiction and sexploitation to art house camp Hammer's prehistoric fantasies and the worst British films ever made author I Q Hunter draws on rare archival material and new primary research to take us through the weird and wonderful world of British trash cinema. Beginning by outlining the definitions of trash films and their place in British film history Hunter explores topics including Hammer's overlooked fantasy films the emergence of the sexploitation film in the 1950s and 60s the sex industry in the 1970s Ken Russell's high camp Gothic and erotic adaptations since the 1980s gross out comedies revenge films and contemporary straight to DVD horror and erotica.

**The Encyclopedia of Film Composers** Thomas S. Hischak, 2015-04-16 For more than a century original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition music has been an integral element of most films. By the late 1930s movie studios had established music departments and some of the greatest names in film music emerged during Hollywood's Golden Age including Alfred Newman Max Steiner Dimitri Tiomkin and Bernard Herrmann. Over the decades other creators of screen music offered additional memorable scores and some composers such as Henry Mancini Randy Newman and John Williams have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material, Important dates, Career highlights, Analysis of the composer's musical style, Complete list of movie credits. This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain artists from dozens of other countries are also represented. A rich resource of movie music history The Encyclopedia of Film Composers will be of interest to fans of cinema in general as
