## **The Decline And Fall Of The Catholic Church In America:**

**The Decline and Fall of the Catholic Church in America** David R. Carlin,2003 Many Catholics blame Vatican II for the decline of the Church in America these past 30 years traditionalists say it caused too many changes liberals say too few In this book sociologist David Carlin shows that although Vatican II was the flashpoint for change in the Church the roots of today's crisis go deeper than anything that happened at the Council Basing his conclusions on sociological analysis rather than on theology or Church teachings Carlin shows that in the 1960's the Church in America was weakened by the triumph of tolerance as an American virtue which led Catholics to downplay their uniquely Catholic beliefs for the sake of unity and then was battered by a culture that seemingly overnight had become boldly secularist and even libertine Called by Vatican II to engage the culture in order to evangelize it while pressed by the culture to downplay its Catholicity in the name of tolerance the Church in America lost its way The result A widespread loss of Catholic identity weakening of fidelity to Church teachings Catholics abandoning their faith and a diminishment of the Church's role as a moral voice in American society Carlin's analysis has uncovered a problem that's older and even more dangerous for the future of Catholicism than the deeds that have lately thrust the Church onto the front pages Indeed says Carlin the scandals are merely symptoms of this deeper problem that will continue to drain the Church's vitality long after the scandals are forgotten

The Catholic Church has had a tumultuous recent history in the wake of the election of a new pope and sex abuse scandals and the views of Catholic lay people have not stood untouched What are the effects of these events upon Catholics beliefs How do beliefs of older and younger generations of Catholics differ Using key Gallup surveys from 1987 to 2005 this book reveals a rift between Catholics born before and after Vatican II and suggests that the future will find more Catholics making decisions about their own faith and fewer who are fervently committed to church life This discussion is vital to anyone concerned with American Catholicism and its future     American Ecclesiastical Review ,1897     Catholicism in Motion
