

Dice Wars

etsy.com/shop/playyardgames

A great board game for ages 8+. Players aim to get all their dice to the opposite side of the board by flipping and jumping over the enemy. The game ends immediately when one player does so. But it doesn't mean they have won the game. The player with the highest score of all the pips on the opposite base row wins. (Hint: There is strategy in going slow and steady versus rushing to the other side).

DIRECTIONS:

1. Place the same-colored dice on each base row (first row of squares on each end) with the six pips upward and the four pips facing the enemy.
2. Players each roll one die. The highest score will go first.
3. In turn, each player flips one die over in any direction vertically or horizontally and onto an adjacent square. If the die lands next to an enemy's die, a player may jump the die immediately after the flip, if desired, and do multiple jumps over other enemies, if available. If a player decides not to jump, the opponent may choose to immediately jump in their turn.
4. No rolling is required prior to a jump if next to an enemy.
5. When a player has filled the opposite base row with all their dice, the game ends immediately.
6. Players count all the upward facing pips of dice that have reached the opposing base row. The player with the highest pip total wins.
