of the Tauchnitz Edition in particular and English language paperback series in general. It provides an international and interdisciplinary approach to the paperback revolution as part of media culture throughout the 19th and 20th centuries. The Bernhard Tauchnitz Collection of British and American Authors initiated in 1841 was not only a successful entrepreneurial endeavor but a milestone in the history of print culture as well. The Leipzig based Tauchnitz publishers renowned all over the world for their series of affordable pocket books in English produced more than 5000 volumes within the course of over 100 years. Cultural and literary repercussions of this unique achievement have been far reaching since the late 19th century. It pioneered a new way of mass market publishing, innovative copyright arrangements and a close cooperation with many important English language novelists of the day. Still in present times the Tauchnitz Edition and its successors are stimulating both academic research in various fields and the enthusiasm of collectors and readers.

The German Classics of the Nineteenth and Twentieth Centuries, Vol. 9 of 20 Kuno Francke, 2016-08-23

Excerpt from *The German Classics of the Nineteenth and Twentieth Centuries Vol 9 of 20 Masterpieces of German Literature Translated Into English* Friedrich Hebbel Otto Ludwig The painters represented here alongside with the two writers to whom this volume is devoted are Cornelius Schnorr von Carolsfeld Rethel and Kaulbach. These men were not only contemporary with Hebbel and Ludwig but may indeed be called their artistic counterparts. Though widely differentiated by individual temper and talent these painters and poets belong to the same phase of mid century German literature and art: the striving of Romanticism beyond itself, the struggle for a new style uniting depth of feeling and terseness of delineation, the longing for a new View of life harmonizing the worship of the past with the demands of modern society and the problems of the day. Hence the heroic note in the work of these painters and poets, hence their predilection for great historical or mythological or religious subjects, hence their leaning toward tragic conflicts in every day situations, hence their all too conscious striving for pointed effects, hence also the inspiring influence emanating from their best productions.
