Marginality Beyond Return Lillian Manzor, 2022-07-29 This study is an exploration of US Cuban theatrical performances written and staged primarily between 1980 and 2000 Lillian Manzor analyzes early plays by Magali Alabau Jorge Ignacio Corti as Mar a Irene Forn s Eduardo Machado Manuel Mart n Jr and Carmelita Tropicana as well as these playwrights participation in three foundational Latine theater projects INTAR s Hispanic Playwrights in Residence Laboratory in New York 1980 1991 Hispanic Playwrights Project at South Coast Repertory Theater in Costa Mesa CA 1986 2004 and The Latino Theater Initiative at Center Theater Group s Mark Taper Forum in Los Angeles 1992 2005 She also studies theatrical projects of reconciliation among Cubans on and off the island in the early 2000s Demonstrating the foundational nature of these artists and projects the book argues that US Cuban theater problematizes both the exile and Cuban American paradigms By investigating US Cuban theater the author theorizes via performance ways in which we can intervene in and reformulate political and representational positionings within the context of hybrid cultural identities This book will of great interest to students and scholars in Performance Studies Transnational Latine Studies Race and Gender studies

Archival Dissonance in the U.S. Cuban Post-Exile Novel Gregory Helmick, 2016-01-14 Archival

Dissonance in the U S Cuban Post Exile Novel documents a body of emergent US Cuban literature published in Spanish and English beyond the scope and historicity of exile Focusing on the work of Roberto G Fern ndez Ana Men ndez and Antonio Ben tez Rojo the book proposes that rather than reinforce US Cuban exile ethnic identity developed between 1960 and the 1980s or demonstrate a tendency toward cultural assimilation Americanization over three generations of writers the discussed historical novels incorporate Caribbean and Latin American archival sources and interpretive frameworks in order to develop a critical and investigative approach to the politics of Cuban exile historiography Published before the recent apertura between the US and Cuban governments these post exile novels anticipate themes of displacement migration and social marginalization as common rather than exceptional features of modern and historical life as well as such other current and historical topics as gender construction and performance figurations of race the commoditization of culture and urban poverty The post exile historical novel points to a future for US Cuban narrative and historiography in part by investigating and featuring dissonances hidden or unacknowledged in previous Cuban exile historical fiction The literature studied in this book further reinforces a view of two way migration between Cuba and the United States as a normal phenomenon predating 1959 and at the same time as a likely shape of things to come **The Golden Exile** Lawrence L.
