The Golden Key:

The Golden Key George MacDonald, 2019-03-25 There was a boy who used to sit in the twilight and listen to his great aunt's stories. She told him that if he could reach the place where the end of the rainbow stands he would find there a golden key. And what is the key for the boy would ask. What is it the key of? What will it open? That nobody knows his aunt would reply. He has to find that out. Now all that his great aunt told the boy about the golden key would have been nonsense had it not been that their little house stood on the borders of Fairyland. For it is perfectly well known that out of Fairyland nobody ever can find where the rainbow stands. George MacDonald's classic tale full of imagination and dreamlike images tells of a girl and boy Tangle and Mossy who venture on a mysterious and magical journey. First Tangle encounters three Old Men of the Sea of the Earth and of Fire and gains in wisdom and beauty through her adventures. Then together with Mossy who has the golden key they travel to the rainbow to discover what awaits them there. This new edition of *The Golden Key* is exquisitely illustrated with paintings by Angela Lord who also provides an informative Afterword.
