## **The Byzantine Apocalyptic Tradition:**

The Byzantine Apocalyptic Tradition Paul J. Alexander, 2023-11-10 Throughout Christian history apocalyptic visions of the approaching end of time have provided a persistent and enigmatic theme for history and prophecy Apocalyptic literature played a particularly important role in the medieval world where legends of the Antichrist Gog and Magog and the Last Roman Emperor were widely circulated Although scholars have long recognized that a body of Byzantine prophetic literature served as the source for these ideas the Byzantine textual tradition its sources and the way in which it was transmitted to the West have never been thoroughly understood For more than fifteen years prior to his death in 1977 Paul J Alexander devoted his energies to the clarification of the Byzantine apocalyptic tradition These studies left uncompleted at his death trace the development of a textual tradition that passed from Syriac through Greek to Slavonic and Latin literature Using a combination of philological and historical detection the author establishes the time place and circumstances of composition for each of the major surviving texts identifying lost works known only through descriptions In showing how Byzantine prophecy served as a bridge between ancient eschatological works and the medieval West Alexander demonstrates that apocalyptic literature represents a creative source for the expression of political and religious thought in the medieval world This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985

**Christians and Muslims in the Middle Ages** Michael Frassetto, 2019-11-12 The conflict and contact between Muslims and Christians in the Middle Ages is among the most important but least appreciated developments of the period from the seventh to the fourteenth century Michael Frassetto argues that the relationship between these two faiths during the Middle Ages was essential to the cultural and religious developments of Christianity and Islam even as Christians and Muslims often found themselves engaged in violent conflict Frassetto traces the history of those conflicts and argues that these holy wars helped create the identity that defined the essential characteristics of Christians and Muslims The polemic works that often accompanied these holy wars was important Frassetto contends because by defining the essential evil of the enemy Christian

authors were also defining their own beliefs and practices Holy war was not the only defining element of the relationship between Christians and Muslims during the Middle Ages and Frassetto explains that everyday contacts between Christian and Muslim leaders and scholars generated more peaceful relations and shaped the literary intellectual and religious culture that defined medieval and even modern Christianity and Islam

**Contemporary Apocalyptic Rhetoric** Barry Brummett, 1991-11-30

Intellectuals today cringe when a politician speaks of the Second Coming the millennium or the Antichrist Certain questions naturally arise about those who literally expect the end of the world in our day Why do they think this Why do some people believe them How do their exhortations work to persuade an audience and to move that audience to actions and commitments These are the motivating questions of Contemporary Apocalyptic Rhetoric which describes apocalyptic as a rhetorical genre of discourse Barry Brummett first recasts insights drawn from past scholarly and theological studies to demonstrate their relevance to contemporary apocalyptic then examines a variety of real apocalyptic to illustrate the ways in which these rhetorical discourses actually work The discussion focuses on those strategies arguments and stylistic features that are peculiar to apocalyptic and that support its social and political claims Following an introductory first chapter Chapter Two describes how apocalyptic rhetoric links a psychological context to an esoteric grand order underlying all of time and the cosmos Chapter Three compares premillennial and postmillennial apocalyptic on three dimensions to show the different approaches they take to reach their audiences Chapter Four describes specific rhetorical

techniques designed to maintain a mystic persona and urge social and political commitments on audiences The final two chapters apply the author s theories to secular and religious apocalyptic both premillennial Hal Lindsey and Ravi Batra and postmillennial Francis Fukuyama Contemporary Apocalyptic Rhetoric will appeal to readers across many disciplines including communications religion sociology and psychology     The Church, the Afterlife and the Fate of the Soul Peter D. Clarke, Tony Claydon, 2009 The Christian Church s ideas about the afterlife have always been central to its thought and may have played the vital role in the spread of the faith itself One sixth century pagan was reported by Bede to have likened human life to a sparrow flying swiftly through a well lit hall from dark to dark for him at least the church s promise of light beyond that brief traverse was reason enough to convert Beyond this basic attraction of the Christian afterlife notions and disputes about what happened to souls after death have been inseparably entangled in the Church s history As this wide ranging collection shows they influenced the early formation of doctrine flavoured debates between Eastern and Western traditions were crucial to the Reformation and shaped the spread of the Christian religion beyond Europe By considering the whole chronological and geographic spread of the church s experience these essays demonstrate the current excitement of scholarly study of the afterlife and they frequently question such deeply held assumptions as the late development of purgatory in Christian thought the divorce between the living and the dead in the western tradition after the sixteenth century or the importance of post death salvation in successful modern evangelism BOOK JACKET     **Reading the Future in Byzantium and Beyond : New Approaches to the Byzantine Prophetic and Apocalyptic Tradition** Paul Magdalino, 2025     **TUBA** , 1992     **Bulletin of Dr. Williams's Library** Dr. Williams's Library, 1987
