Emergent Islam Carlos A. Segovia,2025-10-01 This multidisciplinary collective volume advances the scholarly discussion on the origins of Islam It simultaneously focuses on three domains texts social contexts and ideological developments relevant for the study of Islam s beginnings taking the latter expression in its broadest possible sense The intersections of these domains need to be examined afresh in order to obtain a clear picture of the concurrent phenomena that collectively enabled both the gradual emergence of a new religious identity and the progressive delimitation of its initially fuzzy boundaries

Be Here to Love Me at the End of the World Sasha Fletcher,2022-02-15 This emotionally resonant dystopian succeeds at turning the end of the world into a new beginning Publishers Weekly A love story set in a bad dream about America concerning permanent debt secret police making dinner and unpaid invoices right up until the end of the world It s Brooklyn It s winter It s so cold outside you could execute billionaires in the street about it Sam lives with Eleanor and they are in love He has three or four outstanding invoices that would each cover rent for a month At some point the President is going to make some absolutely wild announcements that will only end in doom In a surreal funny and heart breaking version of reality Sasha Fletcher s highly anticipated first novel occupies that rare register that manages to speak to an increasingly incomprehensible world Through scenes that poetically transform the mundane into the sublime and the absurd into the tragic *Be Here to Love Me at the End of the World* is about the exquisite beauty of being in love in a world that is falling apart
