With a New Foreword by Robert Higgs

INDEPENDENT INSTITUTE

# The Decline Of American Liberalism

**Arthur A. Ekirch**

## **The Decline Of American Liberalism:**

**The Decline of American Liberalism** Arthur A. Ekirch,1967     [The Decline of American Liberalism](#) Arthur Alphonse Ekirch,1955     **The Decline of American Liberalism** Arthur A. Ekirch,1976     **The Decline of American Communism** David A. Shannon,1959     [The Decline of American Liberalism](#) ,1967     **Why American History Is Not What They Say** Jeff Rigenbach,2009 Americans have been warring with each other for more than a century over the contents of the American history textbooks used in the nation s high schools and colleges Page 4 of cover     **Liberalism Versus Conservatism** François B. Gérard,2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author     **The Closing of the Liberal Mind** Kim R. Holmes,2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties     [Arthur M. Schlesinger Jr. and the Ideological History of American Liberalism](#) Stephen P. Depoe,2016-11-15 Examines the origin elements and evolving significance of the tides in the

discourse of Arthur M Schlesinger Jr Arthur M Schlesinger Jr is a historian and political advocate whose ideas and activities have significantly influenced the shape and direction of American liberalism during the past fifty years A central feature of Schlesinger s ideological perspective is his belief that American history has been marked by alternating periods of conservative and liberal dominance which he has termed the tides of national politics Throughout his career Schlesinger has used the tides of national politics to defend the legitimacy and superiority of active liberal government and leadership The study investigates how the tides concept has functioned in both Schlesinger s historical scholarship and his partisan political discourse Depoe also explores the ways in which the tides concept has shaped and channeled Schlesinger s political thought over time leading him toward certain definitions of situations and away from others Finally Depoe offers Schlesinger s life and work as a case study of the highs and lows of postwar American liberalism By tracing Schlesinger s responses to Eisenhower era conservatism Kennedy s New Frontier and the problems of Vietnam and violence during the 1960s and the gradual delegitimation of liberalism from the 1970s to the present this book offers a road map that can guide the reader toward a better understanding of the past present and future of liberalism in America

#### **The Revival of Labor Liberalism**

Andrew Battista,2008-02-19 The labor liberal alliance in late twentieth century American politics **The Divided Mind of American Liberalism** James R. Hurtgen,2002-01-01 The Divided Mind of American Liberalism reveals the crisis at the heart of modern American liberalism James Hurtgen s historical narrative traces the liberal movement through three periods of reform the progressive movement the New Deal and the Great Society Drawing on the views of political activists presidents and theorists the work examines the tensions that resulted in the ideological disunion based on deep and lasting divisions over the desirability of centralized political power of the communitarian decentralists and individualist modernist wings of the liberal movement It documents how a modernist willingness to accept properly reformed nationally exercised power held sway through much of the century only to be supplanted in the sixties and early seventies by decentralists champions of local government as the ideal political unit This superb study demonstrates the central role liberalism has played in modern American political development and lays bare a liberal movement thrown into crisis by competing theories of social order

*American Liberalism* William Gerber,1975 **The American Liberal Tradition Reconsidered** Mark Hulliung,2010

Eight prominent scholars consider whether Louis Hartz s interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of America as a liberal society is still a rewarding undertaking *Congressional Populism and the Crisis of the 1890s* O. Gene Clanton,1998 The Populist Party reacted to the anxiety that America was moving towards a new form of slavery after the Industrial Revolution with a stand against imperialism This study of the party reveals the personalities that shaped the movement **The Decline of American Liberalism** Michael Heffren,1993

*Harvest of Dissent* Bruce E. Field,1998 Bruce Field here explores the people and events of a little studied episode in American history by describing how the leadership of the Farmers Union split over the Korean War When the organization

was faced with accusations of being communist sympathizers NFU national president Jim Patton chose to support the war while a splinter group led by Iowa Farmers Union president Fred Stover continued to protest American involvement

**Losing the Center** Jeffrey Bloodworth, 2013-07-01 Many Americans consider John F Kennedy's presidency to represent the apex of American liberalism Kennedy's Vital Center blueprint united middle class and working class Democrats and promoted freedom abroad while recognizing the limits of American power Liberalism thrived in the early 1960s but its heyday was short lived In *Losing the Center* Jeffrey Bloodworth demonstrates how and why the once dominant ideology began its steep decline exploring its failures through the biographies of some of the Democratic Party's most important leaders including Daniel Patrick Moynihan Henry Scoop Jackson Bella Abzug Harold Ford Sr and Jimmy Carter By illuminating historical events through the stories of the people at the center of the action Bloodworth sheds new light on topics such as feminism the environment the liberal abandonment of the working class and civil rights legislation This meticulously researched study authoritatively argues that liberalism's demise was prompted not by a Republican revolution or the mistakes of a few prominent politicians but instead by decades of ideological incoherence and political ineptitude among liberals Bloodworth demonstrates that Democrats caused their own party's decline by failing to realize that their policies contradicted the priorities of mainstream voters who were more concerned about social issues than economic ones With its unique biographical approach and masterful use of archival materials this detailed and accessible book promises to stand as one of the definitive texts on the state of American liberalism in the second half of the twentieth century

**The Liberal Tradition in American Thought** Walter E. Volkmer, 1969      [The Liberal Future in America](#) Philip Abbott, Michael B. Levy, 1985-05-24 The contributors to this collection approach the confused and paradoxical state of modern liberalism intending to clarify some new tendencies in liberal policy and philosophy Prominent political scientists and political philosophers reflect on the difficulty of defining liberalism in a complex world for which it has neither lost its relevance nor proven its adequacy They speculate on religion family economics foreign policy and other issues in relationship to recent changes in the liberal idea The contributors do criticize some liberal practices and tendencies but their basic purpose is to define the new directions in American liberalism assess liberal programs and examine the changing bases of the liberal constituency Each seeks to define the foundations for a renewal of liberalism in America      [Publications of the American Jewish Historical Society](#) , 1962
