Defense of Faith Cornelius Van Til,1982-02-01 **Religion in the Military Worldwide** Ron E. Hassner,2014 This volume is the first to offer a comparative analysis of religion in militaries worldwide *My confession; My religion; The Gospel in brief* graf Leo Tolstoy,1899 Religion in Uniform Edward Waggoner,2019-10-03 Religion in Uniform argues powerfully that Americans must reform their military s chaplaincy Americans fund this public project to serve all persons in the armed forces but the chaplaincy currently fails to do so Waggoner shows that Americans support for keeping chaplain positions in the military has always rested on a mix of political military and religious rationales that continue to evolve He argues political military and theological reasons to eradicate bias gender discrimination and sexual violence in the chaplain corps and to stop the use of chaplains in strategic roles abroad Acknowledging that Christian groups

are providing the strongest support for the chaplaincy's status quo Waggoner contests the specific theological claims that underwrite their policies He launches a new critical and constructive discussion about US military religion for the twenty first century

The Defense of the Faith William P. Pinkham, 19?? [The Pentagon's Battle for the American Mind](#) Lori L. Bogle, 2004-10-12 The U S military has historically believed itself to be the institution best suited to develop the character spiritual values and patriotism of American youth In *Strategy for Survival* Lori Bogle investigates how the armed forces assigned itself the role of guardian and interpreter of national values and why it sought to create ideologically sound Americans capable of defeating communism and assuring the victory of democracy at home and abroad Bogle shows that a tendency by some in the armed forces to diffuse their view of America's civil religion among the general population predated tension with the Soviet Union Bogle traces this trend from the Progressive Era through the early Cold War when the Truman and Eisenhower administrations took seriously the battle of ideologies of that era and formulated plans that promised not only to meet the armed forces manpower needs but also to prepare the American public morally and spiritually for confrontation with the evils of communism Both Truman's plan for Universal Military Training and Eisenhower's psychological warfare programs promoted an evangelical democracy and sought to inculcate a secular civil military religion in the general public During the early 1960s joint military civilian anticommunist conferences organized by the authority of the Department of Defense were exploited by ultra conservative civilians advancing their own political and religious agendas Bogle's analysis suggests that cooperation among evangelicals the military and government was considered both necessary and normal The Boy Scouts pushed a narrow vision of American democracy and Joe McCarthy's chauvinism was less an aberration than a particularly noxious manifestation of a widespread attitude To combat communism American society and its armed forces embraced brainwashing narrow moral education that attacked everyone and everything not consonant with their view of the world and how it ought to be ordered Exposure of this alliance ultimately dissolved it However the cult of toughness and the blinkered view of reality that characterized the armed forces and American society during the Cold War are still valued by many and are thus still worthy of consideration
