Eagle Against the Light Jocko Reservation and Father Lawrence Palladino **The Stone-Campbell Movement** Michael W.

Casey,Douglas Allen Foster,2002 The religious reform tradition known as the Stone Campbell movement came into being on the American frontier in the early decades of the nineteenth century Named for its two principal founders Barton W Stone and Alexander Campbell its purpose was twofold to restore the church to the practice and teaching of the New Testament and by this means to find a basis for reuniting all Christians Today there are three major branches of the Stone Campbell

tradition the Christian Church Disciples of Christ Churches of Christ and Christian Churches Churches of Christ This volume brings together twenty six essays drawn from the significant scholarship on the Stone Campbell Movement that has flourished over the past twenty years Reprinted from diverse scholarly journals and concentrating on historiographic issues

the essays consider such topics as the movement s origins its influence on the presidency its presence in Britain and its multicultural aspects In their introduction Casey and Foster reveal the connections between this scholarship and larger

issues of American history religion and culture They note that David Edwin Harrell Jr and Richard T Hughes both of whom are represented in the collection have provided competing paradigms of the social and intellectual history of the movement

While Harrell defends the legitimacy of the sectarian non institutional Churches of Christ Hughes legitimizes the current progressive movement found in Churches of Christ Casey and Foster propose six additional historiographic constructs as alternatives to those of Harrell and Hughes and assess each paradigm's implications for the scholarship of the movement. The first major survey of research on the Stone Campbell movement in a quarter of a century this book will also serve as an invaluable resource for scholars of American religious movements in general. The Editors Michael W Casey is professor of communication at Pepperdine University. He is the author of *The Battle Over Hermeneutics in the Stone Campbell Movement 1800-1870* and *Saddlebags City Streets and Cyberspace A History of Preaching in the Churches of Christ*. Douglas A Foster is associate professor of church history and director of the Center for Restoration Studies at Abilene Christian University. He is author of *Will the Cycle Be Unbroken Churches of Christ Face the Twenty First Century* and co author of *The Crux of the Matter Crisis Tradition and the Future of Churches of Christ*. President Shall Nominate Mitchel A. Sollenberger, 2008 A comprehensive and path breaking study of what happens behind the scenes before presidents publicly announce to the Senate and thus the nation their nominees for federal positions

First Ladies Betty Boyd Caroli, 2019-04-05 Betty Boyd Caroli's engrossing and informative *First Ladies* is both a captivating read and an essential resource for anyone interested in the role of America's First Ladies. Caroli observes the role as it has shifted and evolved from ceremonial backdrop to substantive world figure. This expanded and updated fifth edition presents Caroli's keen political analysis and astute observations of recent developments in First Lady history including Melania Trump's reluctance to take on the mantle and former First Lady Hilary Clinton's recent run for president. Caroli here contributes a new preface and updated chapters. Covering all forty five women from Martha Washington to Melania and Ivanka Trump and including the daughters, daughters in law and sisters of presidents who served as First Ladies, Caroli explores each woman's background, marriage and accomplishments and failures in office. This remarkable lot included Abigail Adams whose remember the ladies became a twentieth century feminist refrain, Jane Pierce who prayed her husband would lose the election, Helen Taft who insisted on living in the White House although her husband would have preferred a judgeship, Eleanor Roosevelt who epitomized the politically involved First Lady and Pat Nixon who perfected what some have called the robot image. They ranged in age from early 20s to late 60s, some received superb educations for their time while others had little or no schooling. Including the courageous and adventurous, the ambitious and the reserved, these women often did not fit the traditional expectations of a presidential helpmate. *First Ladies* is an engaging portrait of how each First Lady changed the role and how the role changed in response to American culture. These women left remarkably complete
