Lummis,2017-09 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the

readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or if necessary rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally Trieste books are purchased singly on demand; however, they may also be purchased in bulk. The Land of Sunshine Charles Fletcher Lummis, 1895 *Janet Lewis* Charles L. Crow, 1980 The Moche of Ancient Peru Jeffrey Quilter, 2010. Quilter utilizes the Peabody's collection as a means to investigate how the Moche used various media, particularly ceramics, to convey messages about their lives and beliefs. His presentation provides a critical examination and rethinking of many of the commonly held interpretations of Moche artifacts and their imagery. It also raises important questions about art production and its role in this and other ancient and modern cultures.
