

A cable-stayed bridge is shown against a sunset sky. The bridge's dark structure contrasts with the warm orange and yellow light of the setting sun. The sun is positioned on the right side of the frame, creating a strong reflection on the water below. The bridge's cables and towers are visible on the left side.

Never burn bridges. If it's a  
faulty bridge then close it  
off and let it fall on its own.
