## **The Dance Of The Sarus Essays Of A Wandering Naturalist By:**

The Dance of the Sarus S. Theodore Baskaran, 2003-09-01 This intriguing book brings together short essays on various aspects of India's wildlife and birds. Set in diverse geographical locations from the alpine landscape of Arunachal Pradesh to the scrub jungles of Madurai from the Rann of Kachch to the hills of Assam, this collection includes animated pieces on the pelican, the sarus cranes, the ibis, leaf monkeys, hoolocks, white tigers, rainforests, trout, and so on. The Dance of the Sarus spans a wide range and contains observations on little-known creatures of the north-eastern hills; it documents the bird mystery of Haflong and it contains interviews with conservationists like Salim Ali, George Scheller, and Ravi Chellam. Author Theodore Baskaran beautifully highlights important landscape details including sights and sounds that captivate him. And the book is well illustrated with pictures that are interspersed throughout the text. Celebrating the unique fauna and breathtaking landscape of the country, these evocative essays will appeal to the amateur naturalist, bird watcher, conservationist, and all those with an interest in India's rich natural history. **India's Wildlife History** Mahesh Rangarajan, 2006-07 The book focuses on key landmarks in the history of Indian wildlife, both its conservation and decline. Chapters on the ancient and medieval periods sketch out India's early wildlife history. Nature's retreat against human onslaught over the past two centuries and efforts to reverse that trend are addressed in detail. The past can serve as a guide to options for the present; it can reveal strategies for a future in which wildlife and people coexist. This book ends by looking ahead and identifying workable ways to conserve India's vanishing wildlife. **Field Days** A. J. T. It also embodies an interlink of textual, literary, and archaeological sources to prove convincingly the unity of inner and outer in the Indian tradition. **Indian English Literature, 1980-2000** M. The stories, essays, and poetry in *Waterlines* reflect the presence of rivers in our lives: from film, music, to metaphysics, we turn to rivers to imagine and express our desires. As rivers shape our worlds and we shape their landscapes and lives, they melt into one. This anthology celebrates this shared creation and also sheds light on the turbulence around rivers today. *Waterlines* combines classic works with the best of contemporary writing. Here is Rabindranath Tagore's brilliant tale of a young widow's passion. Agneya recounts his aunt's courageous battle against the Beas Cobras, and otters and other river creatures meet crocodile man Ron Whitaker. Arundhati Roy and Advaita Mallabarman offer river stories with dark currents. Mukul Sharma traces the travails of
