## **The Dear Deceit:**

*The Dear Deceit* Sylvia E. Kirk,1994    **The Dear Deceit** Christine Brooke-Rose,2014-12-15 The third in Brooke Rose's sequence of early realist novels *The Dear Deceit* first published in 1960 chronicles in reverse the misadventures of Alfred Northbrook Hayley a scheming opportunist whose canards and manipulations are met with fatigue and irritation among his family and whose romantic financial and religious struggles form in part a striking autobiographical portrait of Brooke Rose's own father Alfred Rose By moving in reverse order from adulthood to childhood the novel is structured as a form of genealogical investigation subverting the conventional bildungsroman by presenting a sequence of sometimes disconnected episodes rather than a coherent lifestory This first paperback edition contains an illuminating introduction by Joseph Andrew Darlington who traces via archival material the parallels with Brooke Rose's own family history and her careful splicing of fiction and fact *The Dear Deceit* is perhaps her most sombre work if still sharp with satirical observation and witty cutting dialogue

**The Dear Deceit, Etc** Christine Brooke Rose,1960    *The Experimentalists* Joseph Darlington,2021-11-18 *The Experimentalists* is a collective biography capturing the life and times of the British experimental writers of the swinging 1960s A decade of research including as yet unopened archives and interviews with the writers' colleagues is brought together to produce a comprehensive history of this ill-starred group of renegade writers Whether the bolshie B S Johnson the globetrotting Ann Quin the cerebral Christine Brooke Rose or the omnipresent Anthony Burgess these writers each brought their own unique contributions to literature at a time uniquely open to their iconoclastic message The journey connects historical moments from Bletchley Park to Paris May 68 to terrorist groups of the 1970s A tale of love loss friendship and a shared vision this book is a fascinating insight into a bold provocative and influential group of writers whose collective story has gone untold until now

*The Dear Deceit* Christine Brooke-Rose,1961    **Experiments in Life-Writing** Lucia Boldrini,Julia Novak,2017-10-24 This volume examines innovative intersections of life writing and experimental fiction in the 20th and 21st centuries bringing together scholars and practicing biographers from several disciplines Modern Languages English and Comparative Literature Creative Writing It covers a broad range of biographical autobiographical and hybrid practices in a variety of national literatures among them many recent works texts that test the ground between fact and fiction that are marked by impressionist self-reflexive and intermedial methods by their recourse to myth folklore poetry or drama as they tell a historical character's story Between them the essays shed light on the broad range of auto-biographical experimentation in modern Europe and will appeal to readers with an interest in the history and politics of form in life writing in the ways in which departures from traditional generic paradigms are intricately linked with specific views of subjectivity with questions of personal communal and national identity The Introduction of this book is open access under a CC BY 4.0 license via link [springer.com](http://springer.com)
