**Geology and Ground-water Resources of the Harney Basin, Oregon** Arthur Maine Piper, C. F. Park, 1939 *The Study of Time II* J. T. Fraser, N. Lawrence, 2012-12-06 The Second Conference of the International Society for the Study of Time was held at Hotel Mt Fuji near Lake Yamanaka Japan on July 1 to 7 1973 The present volume is the proceedings at that Conference and constitutes the second volume in The Study of Time series At the closing session of our First Conference in Oberwolfach Germany in 1969 I was honored by being elected to the Presidency of the Society following Dr J G Whitrow our first President My mandate was to organize a Second Conference consistent with the aim of the Society which is the holding of interdisciplinary conferences for the presentation and discussion of papers on various aspects of time Several participants expressed to me their wish to have a second conference held in Japan so as to emphasize the international and intercultural dedication of this Society Dr Fraser carefully evaluated this and many other suggestions weighed the possible conference sites and our chances of raising the necessary funds to convene a meeting at such sites and concurred with my conclusions that we should go ahead with the plans for a Japanese meeting For the difficult and complicated task of raising funds and organizing a conference in Japan I had to select and rely heavily on somebody both capable and reliable and also living in Japan Thus I asked the Reverend Michael Mutsuo Yanase S J Water-supply Paper, 1939 **Municipal Journal and Public Works**, 1914 **That You Might Believe - Study on the Gospel of John** Robert L. Deffinbaugh, 2002 There are certain books of the Bible that just seem to stand out and the Gospel of John is surely one such book It is frequently the first book of the Bible we encourage non Christians to read in the hope that its message will lead them to faith in Christ After all that is the purpose of the book See John 20 31 For Christians the Gospel of John is a source of much truth about our Lord and the Gospel But it is much more than that It is an opportunity for us to follow Him as we read and to identify with the disciples as their knowledge of Him continues to expand It is our opportunity to get to know the heart of the Savior and to fellowship with Him through His Word If men of old found their hearts set on fire as they listened to Him teach in person Luke 24 32 so we will find our hearts warmed as we seek to listen to Him through this Gospel I challenge you to join me in making the Gospel of John the subject of your study May God use it to help you see and serve Jesus Christ as the Lamb of God who takes away the sin of the world John 1 29 **Time for Science Education** Michael Matthews, 2012-12-06 The book's argument depends as do most proposals in education upon certain positions in the philosophy of education I believe that education should be primarily concerned with developing understanding with initiation into worthwhile traditions of intellectual achievement and with developing capacities for clear analytic and critical thought These have been the long accepted goals of liberal education In a liberal education students should come to know and appreciate a variety of disciplines know them at an appropriate depth see the interconnectedness of the disciplines or the modes of thought and finally have some critical disposition toward what is being learned to be genuinely open minded about intellectual things These liberal goals are

contrasted with goals such as professional training job preparation promotion of self esteem social engineering
 entertainment or countless other putative purposes of schooling that are enunciated by politicians administrators and
 educators The book s argument might be consistent with other views of education especially ones about the training of
 specialists sometimes called a professional view of education but the argument fits best with a liberal view of education The
 liberal hope has always been that if education is done well then other per sonal and social goods will follow The development
 of informed critical and moral capacities is the cornerstone for personal and social achievements
