The Development Of West Indies Cricket The Age Of Globalization:

The Development of West Indies Cricket, Vol. 1 Hilary Beckles, 1998 This volume covers the third rising of West Indies cricket As the sport becomes ever more commercialized large amounts of money have established sponsorship support systems to give cricketers around the world every possible advantage Beckles assesses what impact the globalization of cricket has had on the cricketers of the Caribbean He also describes the emergence of what he argues is a debilitating sub nationalism in the West Indies the effect this has had on the game the prospect for integrating West Indian nationhood in the twenty first century

The Development of West Indies Cricket: The age of globalization Hilary Beckles, 1998 This volume covers the third rising of West Indies cricket As the sport becomes ever more commercialized large amounts of money have established sponsorship support systems to give cricketers around the world every possible advantage Beckles assesses what impact the globalization of cricket has had on the cricketers of the Caribbean He also describes the emergence of what he argues is a debilitating sub nationalism in the West Indies the effect this has had on the game the prospect for integrating West Indian nationhood in the twenty first century

Cricket: A Political History of the Global Game, 1945-2017 Stephen Wagg, 2017-11-14 Cricket is an enduring paradox On the one hand it symbolises much that is outmoded imperialism a leisured elite a rural aristocratic Englishness On the other it endures as a global game and does so by skilful adaptation trading partly on its mythic past and partly on its capacity to repackage itself This ambitious new history recounts the politics of cricket around the world since the Second World War examining key cultural and political themes including decolonisation racism gender globalisation corruption and commercialisation Part One looks at the transformation of cricket cultures in the ten territories of the former British Empire in the years immediately after 1945 a time when decolonisation and the search for national identity touched every cricket playing region in the world Part Two focuses on globalisation and the game s evolution as an international sport analysing social change and the Ashes the campaigns for new cricket formats the development of the women s game the new breed of coach the limits to the game s global expansion and the rise of India as the world s leading cricket power *Cricket A Political History of the Global Game 1945 2017* is fascinating reading for anybody interested in the contemporary history of sport

Cricket, Capitalism and Class Chris McMillan, 2023-10-06 This ambitious new study argues that not only is the story of cricket inescapably entwined with that of capitalism but that the game provides a unique lens with which to understand the history development exigencies and contradictions of capitalist political economy From the aristocratic capture of the artisan s game to the commodified entertainment of private T20 leagues the story of cricket has been told against the background of capitalism Cricket was the gentlemanly vanguard of the English led British empire which forged the first iteration of international capitalism that was reliant upon a political and commercial partnership between rulers and the ruled and today it speaks to the productive tension between the emergence of the Asian century and the power of American cultural imperialism Reading capitalism as a cultural economic and political

system this book explores the relationship between cricket and capitalism and illuminates many of the most important themes in contemporary sport studies such as class race gender globalisation nationalism neoliberalism commodification and migration This is fascinating reading for anybody with an interest in sport history the sociology of sport global political economy political theory or cultural studies **Routledge Companion to Sports History** S. W. Pope, John

Nauright, 2009-12-17 This book describes how the field of sports history has matured dramatically over the past decade and expands on what this means for sports historians today The specially commissioned essays addressing a range of thematic and regional contexts that make up this companion make it a uniquely valuable resource **Routledge Handbook of the**

Sociology of Sport Richard Giulianotti, 2015-07-24 The sociology of sport is a core discipline within the academic study of sport It helps us to understand what sport is and why it matters Sociological knowledge implicit or explicit therefore underpins scholarly enquiry into sport in every aspect The Routledge Handbook of the Sociology of Sport is a landmark publication that brings together the most important themes theories and issues within the sociology of sport tracing the contours of the discipline and surveying the state of the art Part One explores the main theories and analytical approaches that define contemporary sport sociology and introduces the most important methodological issues confronting researchers working in the social scientific study of sport Part Two examines the connections and divisions between sociology and cognate disciplines within sport studies including history anthropology economics leisure and tourism studies philosophy politics and psychology Part Three investigates how the most important social divisions within sport and in wider society are addressed in sport sociology including race gender class sexuality and disability Part Four explores a wide range of pressing contemporary issues associated with sport including sport and the body social problems associated with sport sport places and settings and the global aspects of sport Written by a team of leading international sport scholars including many of the most well known respected and innovative thinkers working in the discipline the Routledge Handbook of the Sociology of Sport is an essential reference for any student researcher or professional with an interest in sport **The Development of**
