*An Historical Text Book and Atlas of Biblical Geography* Lyman Coleman, 1855      **The School Book Question: Letters in Reply to the Brown-Campbell Crusade Against the Educational Department for Upper Canada: with Copious Notes, ... Confirming what is Contained in the Letters, and Refuting ... Misstatements which Have Appeared in the "Globe" Since Their Publication. First Letter of ... Dr. Ryerson ... Letter of ... J. Lovell. Second ... Third Letter of ... Dr. Ryerson, Etc** Adolphus Egerton RYERSON, 1866      **The Geography of Hate** Jennifer Sdunzik, 2023-11-07 The uncomfortable truths that shaped small communities in the midwest During the Great Migration Black Americans sought new lives in midwestern small towns only to confront the pervasive efforts of white residents determined to maintain their area's preferred cultural and racial identity Jennifer Sdunzik explores this widespread phenomenon by examining how it played out in one midwestern community Sdunzik merges state and communal histories interviews and analyses of population data and spatial and ethnographic materials to create a rich public history that reclaims Black contributions and history She also explores the conscious and unconscious white actions that all but erased Black Americans and the terror and exclusion used against them from the history of many midwestern communities An innovative challenge to myth and perceived wisdom The Geography of Hate reveals the socioeconomic political and cultural forces that prevailed in midwestern towns and helps explain the systemic racism and endemic nativism that remain entrenched in American life      **The Geography of Strabo**, 2014-05-29 The Geography of Strabo is the only surviving work of its type in Greek literature and the major source for the history of Greek scholarship on geography and the formative processes of the earth In addition this lengthy and complex work contains a vast amount of information on other topics including the journey of Alexander the Great cultic history the history of the eastern Mediterranean in the first century BC and women's history Modern knowledge of seminal geographical authors such as Eratosthenes and Hipparchos relies almost totally on Strabo's use of them This is the first complete English translation in nearly a century and the first to make use of recent scholarship on the Greek text itself and on the history of geography The translation is supplemented by a detailed discussion of Strabo's life and his purpose in writing the Geography as well as the sources that he used      **Letters from Victorian Pioneers** Public Library, Museums, and National Gallery (Vic.), 1898 Addressed by pioneers to His Excellency Charles Joseph La Trobe Each paper listed separately in this Bibliography      *Life, Letters, and Works of Louis Agassiz* Jules Marcou, 1896      *Text* Edward Augustus Freeman, 1881      **The Life and Letters of Benjamin Jowett, M.
