The Godmakers:

The Christian Countercult Movement Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview Nelson's Illustrated Guide to Religions James A. Beverley, 2009-05-17 A comprehensive introduction to the religions of the world analyzed from a Christian perspective Nelson s Illustrated Guide to Religions covers more than 200 religions sects and cults most of them ones the reader might encounter on any given day It is the most complete and up to date Christian guide to world religions Perfect for the student as well as the layperson Written by leading expert in religions James A Beverley **Mormon Studies** Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism s truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s *Architecture and Armed Conflict* JoAnne Mancini, Keith Bresnahan, 2014-07-11 Architecture and Armed Conflict is the first multi authored scholarly book to address this theme from a comparative interdisciplinary perspective By bringing together specialists from a range of relevant fields and with knowledge of case studies across time and space it provides the first synthetic body of research on the complex multifaceted subject of architectural destruction in the context of conflict The book addresses several specific research questions How has the destruction of buildings and landscapes figured in recent historical conflicts and how have people and states responded to it How has the destruction of architecture been represented in different historical periods and to what ends What are the relationships between the destruction of architecture and the destruction of art particularly

iconoclasm If architectural destruction is a salient feature of many armed conflicts how does it feature in post conflict environments What are the relationships between architectural destruction and processes of restoration recreation or replacement Considering multiple conflicts multiple time periods and multiple locations allows this international cohort of authors to provide an essential primer for this crucial topic Out of Mormonism Judy Robertson,2011-07 How one woman s soul searching journey led her to the Mormon church and how her discovery of Jesus helped her leave despite horrific persecution *Dialogue* ,1997 A journal of Mormon thought The Godmakers Frank Herbert,2013-04-21 An interstellar agent discovers his latent powers while investigating a warlike planet in this classic sci fi fantasy by the author of Dune It s been centuries since the devastating Rim Wars separated numerous planets from the protection and control of the galactic empire The Rediscovery and Reeducation Service is dedicated to finding these lost planets and returning them to the fold But not all civilizations are eager to cooperate Young and charismatic Lewis Orne is one of the best R R agents in the organization s history But when he identifies troubling signs on the planet of Hamal he is transferred to Investigative Adjustment the agency that specializes in dealing with violent worlds Suddenly Orne is shuttling to the edge of the galaxy to detect any signs of latent aggression among Hamal s population Shortly after making landfall Orne makes a far more astonishing discovery he suddenly finds himself in possession of profound extrasensory powers When these powers become known he is invited to join Hamal s company of gods It is an offer too enticing to refuse Yet being a god comes with certain expectations **The Stone Rolls Forth** ,1988 **Brigham Young University Studies** Brigham Young University,2004 A voice for the community of LDS scholars **Death and the Serpent** Carl B.
