**The Bronze Bird** Anatolij Naumovich Rybakov,1963    **The Bronze Bird** Anatolij Naumovich Rybakov,1963    **The bronze bird** Anatolij Naumovič Rybakov (pseud. van Anatolij Naumovič Aronov),1956    [The Bronze Bird](#) Anatoly Rybakov,2002-12-01 Sequel to Kortik originally published in the magazine Ionust Youth it appeared in book form in 1957 The idea for the work came from a marble inkstand decorated with a bronze bird that stood on Rybakov s desk The stand broke when he was moving to a new residence and he saw that the bird was hollow The thought occurred to him that the bird would be a good hiding place In this work Misha Poliakov has become a Youth Pioneer leader    [The Bronze Bird](#) ,1993    **The Bronze Bird** Pangolin,1993    [Jinsha Site](#) ,2006    **Memory and Agency in Ancient China** Francis Allard,Yan Sun,Kathryn M. Linduff,2018-12-20 Memory and Agency in Ancient China offers a novel perspective on China s material culture The volume explores the complex life histories of selected objects whose trajectories as gingle objects biographies and object types lineages cut across both temporal and physical space The essays written by a team of international scholars analyse the objects in an effort to understand how they were shaped by the constraints of their social political and aesthetic contexts just as they were also guided by individual preference and capricious memory They also demonstrate how objects were capable of effecting change Ranging chronologically from the Neolithic to the present and spatially from northern to southern mainland China and Taiwan this book highlights the varied approaches that archaeologists and art historians use when attempting to reconstruct object trajectories It also showcases the challenges they face particularly with the unearthing of objects from archaeological contexts that paradoxically come to represent the earliest known point of their post recovery lives    *[The City of Ye in the Chinese Literary Landscape](#)* Joanne Tsao,2020-01-20 In The City of Ye in the Chinese Literary Landscape Joanne Tsao demonstrates how the city of Ye changed from an iconic space that represented Cao Cao s heroic enterprise to a symbol of the fruitlessness of human endeavour and then finally to a literary landmark a synecdoche for the vicissitudes of human life caught in the predictable cycles of dynastic rise and decline Through a close reading of literary works on Ye she illustrates how the city transformed from a lived to imaginative space to become a symbol in the poetic lexicon Making use of literary and historical texts on Ye and its material remains through the Song and beyond she shows the potency of place as a generative force in literary production and in historical discourse    *[The Halberd at Red Cliff](#)* Xiaofei Tian,2020-10-26 The turn of the third century CE known as the Jian an era or Three Kingdoms period holds double significance for the Chinese cultural tradition Its writings laid the foundation of classical poetry and literary criticism Its historical personages and events have also inspired works of poetry fiction drama film and art throughout Chinese history including Internet fantasy literature today There is a vast body of secondary literature on these two subjects individually but very little on their interface The image of the Jian an era with its feasting drinking heroism and literary panache as well as intense male friendship was to return time and again in the romanticized narrative of the Three Kingdoms How did Jian an

bifurcate into two distinct nostalgias one of which was the first paradigmatic embodiment of wen literary graces cultural patterning and the other of wu heroic martial virtue How did these largely segregated nostalgias negotiate with one another And how is the predominantly male world of the Three Kingdoms appropriated by young women in contemporary China The Halberd at Red Cliff investigates how these associations were closely related in their complex origins and then came to be divergent in their later metamorphoses    **Imperial Warlord** Rafe de Crespigny,2010-08-18 The warlord Cao Cao founder of the Three Kingdoms state of Wei is most commonly known through the romantic tradition of the novel *Sanguo yanyi* and other dramatic fictions which portray him as cruel and vicious In fact however Cao Cao was a fine strategist and politician who restored a measure of order after the political turmoil and civil war that brought the end of Han The present work offers a detailed account of Cao Cao s life and times using historical materials and the man s own words from official proclamations and personal poetry Exceptionally for such a distant time there is sufficient information in the texts to provide a rounded interpretation of one of the great characters of early China This title has been awarded the Stanislas Julien prize for 2011
