Bernheimer,2015-06-08 Like all fairy tales the story of Little Red gets strength from its multitudes It is a moving hive a

travelling pack of translations and interpretations too numerous to catalogue It manages to examine our most salient tropes in binaries and the equators formed in this contrast are tangential contradictions The tale is at once innocent and sexual It mingles the vulnerable with the predatory and overlaps captivity with freedom It is both fable and fairy tale and a horror story to boot a naïve individual walking into a den of trickery Then comes that eerie parsed out realization when our girl comes to terms with what the readers have known all along things are not as they seem What a fright when something categorized as safe becomes compromised and inverted when the familiar is replaced with the unknown In this issue we add new footprints to the path through the woods Some of these pieces retell the tale others explore its place in our minds and our culture     *Journal* New South Wales.
