

A dark, abstract image featuring a central, bright green energy source that resembles a star or a portal. This central light is surrounded by intricate, glowing green energy filaments that radiate outwards, creating a complex web-like pattern. The background is a deep, dark teal or black, with some faint, glowing blue and white streaks that suggest motion or distant light. The overall effect is one of a powerful, otherworldly energy source.

The Abyss Niall Ferguson,2012-10-23 Excerpted from Niall Ferguson's sprawling bestseller *The War of the World* The Abyss now stands on its own as one of the most thrilling short histories of World War I ever written This is not a conventional military history about battles and generals Rather The Abyss examines how World War I saw the birth of total war fought between societies as much as armies and must therefore be understood in terms of the financial crises it unleashed the multinational empires it destroyed and the hateful ideas it propagated The most remarkable thing about the war Ferguson shows us is how shockingly unexpected it was At a time when economic integration and technology seemed to be rendering war between great powers impossible World War I was the moment when that process went into reverse and the lethal forces of ethnic disintegration took over Now on the cusp of the 100th anniversary of its outbreak we can see World War I as much more than just four years of industrialized slaughter Weaving together the economics of empire and the ideology of race and featuring an original preface by the author as well a teaser from his new paperback *Civilization* The Abyss is world history at its finest
