The Daughters Seduction Feminism And Psychoanalysis:

Feminism and Psychoanalysis Jane Gallop, 1982-06-24 The Daughter's Seduction Jane Gallop, 1984 **Feminism and Psychoanalysis** Jane Gallop, 1982-01-01 **Daughter's Seduction** Jane Gallop, 1982 **Staging the Gaze** Barbara Freedman, 1991 *Feminism and Psychoanalysis* Jane Gallop, 1982 **The Mother / Daughter Plot** Marianne Hirsch, 1989-10-22 Mothers and daughters the female figures neglected by classic psychoanalysis and submerged in traditional narrative are at the center of this book The novels of nineteenth and twentieth century women writers from the Western European and North American traditions reveal that the story of motherhood remains the unspeakable plot of Western culture Focusing on the feminine and more controversially on the maternal this book alters our perception of both the familial structures basic to traditional narrative the Oedipus story and the narrative structures basic to traditional representations of the family Freud's family romance Confronting psychoanalytic theories of subject formation with narrative theories Marianne Hirsch traces the emergence and transformation of female family romance patterns from Jane Austen to Marguerite Duras Psychoanalysis and Women Judith L. Alpert, 2013-05-13 Within the psychoanalytic framework there is a growing body of research and thinking about female development In addition there is ongoing research within other areas of psychology such as developmental psychology and social psychology which has important implications for an understanding of women's adult development Often these research findings are not readily available to the analytic community nor has much of the research been incorporated into a psychoanalytic framework Psychoanalysis and Women broadens analytic thinking by integrating contemporary literature from psychoanalysis with that of other areas both within and outside psychology which has implications for the understanding of women's development This literature is conceptualized within a psychoanalytic framework A basic premise underlying this book is that psychoanalysis needs continuing review and revision in terms of what women and men are about and a continuing focus on whether and how unfounded biases prevent analysts from understanding patients The present volume considers how sexism and feminism are affecting psychoanalysis and exemplifies how the emerging field of psychoanalysis of women and the issues its existence raises should be conceptualized It also exemplifies some of the positive contributions that a feminist outlook gives to the study of human behavior and should expand the range of hypotheses that we have about people **Mothering Daughters** Susan C. Greenfield, 2002 The rise of the novel and of the ideal nuclear family was no mere coincidence argues Susan C Greenfield in this fascinating look at the construction of modern maternity The rise of the novel and of the ideal nuclear family was no mere coincidence argues Susan C Greenfield in this fascinating look at the construction of modern maternity Many historians maintain that the eighteenth century witnessed the idealization of the caring loving mother Here Greenfield charts how the newly emerging novels of the period in their increasing feminization responded to and helped shape that image often infusing it with more nuance and flexibility By the end of the eighteenth century she notes novels by women about missing mothers and their suffering

daughters abounded Even as the political implications of the novels vary the books uniformly insist on the tenacity of the mother daughter bond despite the mother s absence Exploring the historically contingent assumptions about maternal care that informed writers during this period Greenfield argues that women s novels helped construct the story of mother love and loss that psychoanalysis would soon inherit *Feminism and Psychoanalysis*, 2001 Each bibliography includes a comprehensive list of the theorist s works and critical studies of these works in English Each bibliography contains approximately 600 to 900 entries Books journal articles essays within edited books in the manner of Essay and General Literature and dissertations are included References are provided from a wide variety of disciplines and bibliographic sources The primary purpose of each bibliography is to provide access to the widely reprinted primary works in English and the critical literature in a great variety of books and journals The topical bibliographies include the authoritative works on the subject and are arranged in useful categories The lively part of the modern post modern debate is generally taking place in alternative and left journals journals always included in the literature search in the compiling of the bibliographies

Mourning Freud Madelon Sprengnether, 2018-02-08 Mourning Freud analyses Freud s experiences and theories of mourning as the basis for exploring changes in psychoanalytic theories and practices over the course of the 20th century The modernist Freud of the early 20th century has ceded to the postmodern Freud of the 21st Madelon Sprengnether examines this phenomenon from the perspective of Freud s self analysis in relation to his generation of theory the challenges and transformations wrought by feminism cultural studies and postmodernism and the speculations of contemporary neuroscience concerning the unreliability of memory She offers a significant interpretation of major biographical episodes in Freud s life arguing that Freud s inability to mourn the losses of his early life shaped his theories of mourning which in turn opened the field of pre oedipal studies to his successors enabling a host of new psychoanalytic theories such as object relations intersubjective and countertransference theories Lacanian analysis and trauma theory Many of these approaches converge on the formulation of mourning as critical to the process of ego development Through this argument Sprengnether traces the shift from modernism to postmodernism from an emphasis on mastery to vulnerability from vertical to horizontal systems of meaning making and from what is representable in words to the realm of the nonverbal Mourning Freud by exploring Freud s own struggles with mourning allows us in turn to mourn him releasing him from frozen idealization while demonstrating the relevance of his work to the 21st century *Pillar of Salt* Janice Haaken, 1998 Introduces the controversy over recollections of childhood sexual abuse as the window onto a broader field of ideas concerning memory storytelling and the psychology of women *The Daughter's Authorization* Laurie Lynette Corbin, 1993 *Mothers and Mothering* Penelope Dixon, 1991 **Daughters and Fathers in Feminist Novels** Barbara H.
