## **The Davis Cup Celebrating 100 Years Of International Tennis:**

**The Davis Cup** Richard Evans,1998 The Davis Cup offered me more immediate pleasure than almost anything else I accomplished in my career I hope you enjoy this detailed history of a unique competition Whether it is played at Kooyong or Casablanca a World Group Final or a first round in the African Zone Davis Cup offers tennis players the rare chance of experiencing the thrill of playing for your teammates and your country John McEnroe from the Foreword Back in Boston in 1900 they called it Dwight s little pot but very soon it turned out to be much more than that Dwight Davis s idea of offering a silver bowl as a prize to be fought for each year between tennis playing nations grew into one of the most recognized and keenly contested annual sporting competitions in the world Beginning as a match between the United States and the British Isles at the Longwood Cricket Club the Davis Cup has endured for one hundred years modifying itself now and again but essentially remaining what Dwight Davis always intended it to be a means of nurturing healthy sporting relations between countries all over the globe In this lavishly illustrated history Richard Evans one of the world s leading tennis writers chronicles not merely the matches that caught the imagination of millions but the extraordinary array of personalities who gave the Cup its luster and whose names are now engraved on its silver panels Anthony Wilding the dashing New Zealander who rode from tournament to tournament on one of the first motorbikes leaving a trail of broken hearts in his wake Wilding s Australian colleague Norman Brookes a taciturn man known as the Wizard or Maurice McLoughlin dubbed the Californian Comet There was Bill Tilden arrogant effete and outrageous who insisted on playing his own sweet game on and off the court and became a world superstar doing it Or the Four Musketeers who held the Cup for France for six years before a handsome Englishman with the wrong accent at least for the snob ridden 1930s came along to snatch it away Fred Perry won the Cup for Britain three times and now it has fallen to Greg Rusedski and Tim Henman to try to get it back The Harry Hopman dynasty in which the legendary Australian coach produced a conveyer belt of champions from Frank Sedgman Lew Hoad and Ken Rosewall to Rod Laver Roy Emerson and John Newcombe was centered around Davis Cup triumph and the story continues through the turbulent years of Ilie Nastase and John McEnroe to Yannick Noah s successes for France in the 1990s The Davis Cup has quite a story to tell And this book tells that story an unforgettable sporting and social odyssey covering one hundred years *International Sport: A Bibliography, 1995-1999* Richard William Cox,2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports

historian to know what is new    **Rivals** David K. Wiggins,R . Pierre Rodgers,2012-01-01 The sixteen original essays in this collection cover influential and famous rivalries from a variety of sports including track and field golf boxing basketball tennis ice skating baseball football soccer and more The essays are diverse but together they illustrate what is common to any rivalry equally matched opponents that often have decidedly different backgrounds styles and personalities These differences may center on race and culture political and societal ideologies personality geography or religion a mix intensified by fans and the media From highly publicized and emotionally charged individual competitions to bitterly fought team contests Rivals illuminates what one of a kind opponents and the passion they inspire tell us about ourselves and our society    **British Sport** Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian    **Sports around the World** John
