**The Day Four Quabbin Towns Died** John R. Greene, 1985      **Before the Flood** Elisabeth C. Rosenberg, 2021-08-03 In the tradition of *Silent Spring* a modern parable of the American experience and our paradoxical relationship with the natural world Though it seems a part of the natural landscape of New England today the Swift River Valley reservoir dam dike and nature area was a triumph of civil engineering It combined forward looking environmental stewardship and social policy yet the little people and the four towns in which they lived got lost along the way Elisabeth Rosenberg has crafted *Before the Flood* to be both a modern and a universal story in a time when managed retreat will one day be a reality Meticulously researched *Before the Flood* is the first narrative book on the incredible history of the Swift River Valley and the origins Quabbin Reservoir Rosenberg dive into the socioeconomic and psychological aspects of the Swift River Valley's destruction in order to supply drinking water for the growing populations of Boston and wider Massachusetts It is as much a human story as the story of water and landscape and *Before the Flood* movingly reveals both the stories and the science of the key players and the four flooded towns that were washed forever away

*Sweet Dreams on Center Street* by Sheila Roberts *Sweet Dreams Chocolate*

Company has been in the Sterling family for generations but now it looks as if they're about to lose it to the bank. That would be a disaster for the family and for the town of Icicle Falls, Washington. Can Samantha, the eldest daughter and new head of the company, come up with a way to save it? Unfortunately, the fate of Sweet Dreams is in the hands of her archenemy, Blake Preston, the bank manager with the football hero good looks. It's enough to drive her to chocolate. But Blake's also enough to convince her that, believe it or not, there's something even better than chocolate.

**Secrets of the Lost Summer** Carla Neggers, 2018-09-10 A neglected old house contains family secrets, hidden treasure, and the promise of new love in the New York Times bestselling author's small town romance. A wave of hope carries Olivia Frost back to her small New England hometown, nestled in the beautiful Swift River Valley. She's transforming a historic home into an idyllic getaway, picturesque and perfect if only the absentee owner will fix up the eyesore next door. Dylan McCaffrey's ramshackle house is an inheritance he never counted on. It also holds the key to a generation's old lost treasure he can't resist any more than he can resist his new neighbor. Against this breathtaking landscape, Dylan and Olivia pursue long buried secrets and discover a mystery wrapped in a love story, past and present.

**Solving for X** Robert B. Shaw, 2009-06-15 In *Solving for X*, his award-winning collection of new poems, Robert B. Shaw probes the familiar and encounters the unexpected in the apparently random; he discerns a hidden order. Throughout, Shaw ponders the human frailties and strengths that continue to characterize us, with glances at the stresses of these millennial times that now test our mettle and jar our complacency. Often touched with humor, his perceptions are grounded in devoted observation of the changing world. As in his previous collections, Shaw in these poems unites conversational vigor with finely crafted metrical lines. Final judge Rachel Hadas says it best: *Solving for X* is droll and puzzled elegiac and satirical in equal measure. Shaw's attention alights on a variety of more and less tangible things: a seed catalog, a shirt, a bad book, a request for a letter of recommendation, an irritating colleague's death, which his masterfully packed lines then proceed to light up with deliberate and unforgettable authority.

**The Mass. Central** John R. Greene, 1996

**Defying Displacement** Anthony Oliver-Smith, 2010-08-01 The uprooting and displacement of people has long been among the hardships associated with development and modernity. Indeed, the circulation of commodities, currency, and labor in modern society necessitates both social and spatial mobility. However, the displacement and resettlement of millions of people each year by large-scale infrastructural projects raises serious questions about the democratic character of the development process. Although designed to spur economic growth, many of these projects leave local people struggling against serious impoverishment and gross violations of human rights. Working from a political ecological perspective, Anthony Oliver-Smith offers the first book to document the fight against involuntary displacement and resettlement being waged by people and communities around the world. Increasingly over the last twenty-five years, the voices of people at the grass roots are being heard. People from many societies and cultures are taking action against development forced displacement and resettlement. DFDR and articulating

alternatives Taking the promise of democracy seriously they are fighting not only for their place in the world but also for their place at the negotiating table where decisions affecting their well being are made      *Swift River Valley Collection Volume 1* Carla Neggers, 2018-11-12 Together for the first time in a box set the first five stories in the captivating Swift River Valley series Visit Knights Bridge Massachusetts a small town where people come to escape start fresh and possibly fall in love Only from New York Times bestselling author Carla Neggers Secrets of the Lost Summer Olivia Frost is transforming a historic home into an idyllic getaway It s picturesque and perfect if only the absentee owner will fix up the eyesore next door Dylan McCaffrey s ramshackle house is an inheritance he never counted on It also holds the key to a generations old lost treasure he can t resist any more than he can resist his new neighbor Dylan and Olivia pursue long buried secrets and discover a mystery wrapped in a love story past and present That Night on Thistle Lane When librarian Phoebe O Dunn discovers a hidden room complete with a cache of vintage clothing she finds a spectacular gown perfect for a gala masquerade In the guise of a princess Phoebe is captivated by a handsome swashbuckler who s also adopted a more daring persona Then Phoebe meets Noah Kendrick again and at first neither recognizes the other They re not sure they can trust the magic of the night they shared until an unexpected threat prompts them to unmask their truest selves Cider Brook Being rescued by a good looking bad boy firefighter isn t how Samantha Bennett expected to start her stay Samantha is a treasure hunter who has come to solve a 300 year old mystery and salvage her good name Justin Sloan her rescuer wants to know why she was camped out in an abandoned cider mill Because of their shared past he doesn t trust her But that doesn t mean he can resist her Christmas at Carriage Hill To Alexandra Rankin Hunt s surprise Ian Mabry is also at Carriage Hill a picturesque country inn where Alexandra is creating dresses for a friend s wedding If anyone can charm his way into such an event it s her fighter pilot wrong for her ex But Ian wants more than an invitation he s determined to find a way back into Alexandra s life Echo Lake Diplomatic Security Service agent Brody Hancock left town at eighteen a few steps ahead of arrest and the wrath of Heather Sloan s older brothers Though Brody had never planned to return a friend now needs his help Seeing Heather again has affected Brody more than he wants to admit But Heather is wary of Brody s sudden interest in her and she suspects there s more to his homecoming than he s letting on      Development-induced Displacement Chris de Wet, 2005-11-01 Some ten million people worldwide are displaced or resettled every year due to development projects such as the construction of dams irrigation schemes urban development transport conservation or mining projects The results have usually been very negative for most of those people who have to move as well as for other people in the area such as host populations People are often left socially and institutionally disrupted and economically worse off with the environment also suffering as a result of the introduction of infrastructure and increased crowding in the areas to which people had to move The contributors to this volume argue that there is a complexity and a tension inherent in trying to reconcile enforced displacement of people with the subsequent creation of a socio economically viable and sustainable environment Only when

these are squarely confronted will it be possible to adequately deal with the problems and to improve resettlement policies
