**Sykewar** Daniel Lerner, 1949    **Chase's Annual Events**, 1994    *The Longman Companion to Nazi Germany* Tim Kirk, 1995

Here is a wealth of factual and interpretative information about Germany and German society economy and culture between 1918 and 1945. Tim Kirk's primary concern is with the Hitler years but he sets them in their wider context throughout wherever appropriate the sections span the Weimar Republic and the rise of Nazism as well as the Third Reich itself to illuminate the many continuities in Germany as well as the obvious changes on either side of the political dividing line. Purely as a compilation this is a formidable achievement. Its usefulness is greatly enhanced by Tim Kirk's admirably level headed commentary whether it is guiding the reader through the everyday domesticities of ordinary people before the war or the mounting horrors of the Third Reich at bay. The result which includes information not otherwise available in English is an invaluable study aid within the confines of a single volume of manageable size to a subject that half a century on has lost nothing of its baleful fascination.

**Lives of Hitler's Jewish Soldiers** Bryan Mark Rigg, 2009

They were foot soldiers and officers. They served in the regular army and the Waffen SS. And remarkably they were also Jewish at least as defined by Hitler's infamous race laws. Pursuing the thread he first unraveled in Hitler's Jewish Soldiers Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish. In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing. As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II. The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps. Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families. The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time. Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members. Their stories reveal the constant tension in

their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances Lives of Hitler's Jewish Soldiers deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II The Cold War Comes to Main Street Lisle A. Rose, 1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy's vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the convergence of Korea McCarthy and the bomb wounded the nation in ways from which we've never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles Chases' Calendar of Annual Events, 1983 National Union Catalog, 1982 Includes entries for maps and atlases **Labor Defender**, 1936

Tent, 2003

James Tent recounts how these men and women from all over Germany and from all walks of life struggled to survive in an increasingly hostile society even as their Jewish relatives were disappearing into the East It draws on extensive interviews with twenty survivors many of whom were teenagers when Hitler came to power to show how half Jews coped with conditions on a day to day basis and how the legacy of the hatred they suffered still lingers in their minds     National Union Catalog, 1982 ,1983     Facts on File World News Digest Yearbook ,2003
