## **The Debate Between Sartre And Merleau Ponty:**

**The Debate Between Sartre and Merleau-Ponty** Jon Stewart, 1998-10-28 This collection of essays provides a portrait of the intellectual relationship between these two men. It addresses several points of contact and covers themes of the debate from the different periods in their shared history

*The Bloomsbury Handbook of Existentialism* Jack Reynolds, Ashley Woodward, Felicity Joseph, 2023-12-28 This fully revised and updated 2nd edition provides a comprehensive reference guide to existentialism featuring key chapters on key existentialist thinkers as well as chapters applying existentialism to subject areas ranging across politics, literature, feminism, religion, the emotions, cognitive science, and poststructuralism. Contemporary developments in the field of existentialism that speak to issues of identity and exclusion are explored in 4 new chapters on race, gender, disability, and technology whilst the 5th new chapter outlines analytic philosophy's complicated relationship to existentialism. Presenting the field of existentialism beyond the European tradition, this edition also includes a new key thinker chapter on Frantz Fanon alongside Kierkegaard, Nietzsche, Heidegger, Sartre, and de Beauvoir, as well as new engagement with the work of scholars on race and existentialism including Lewis R Gordon, George Yancy, and Richard Wright. The resources section at the end of the book includes an updated A to Z glossary and timeline of key events, texts, and thinkers in existentialism as well as a list of relevant organisations and an annotated guide to further reading, making this 2nd edition an invaluable text for scholars and students alike

*De existentialisten* Sarah Bakewell, 2016-11-15 Mengeling van filosofie en biografie van de hoofdrolspelers van het existentialisme. De existentialisten van Sarah Bakewell vertelt het bewogen verhaal van een invloedrijke generatie denkers waaronder Simone de Beauvoir, Jean Paul Sartre en Raymond Aron. Zij speelden een cruciale rol in het verzet tijdens WO II en in emancipatiebewegingen van onder anderen feministen, antikolonialisten en studenten. Schijnbaar moeiteloos schakelt Sarah Bakewell tussen hun gepassioneerde levens en geengageerde ideeën. Bakewell gaat op zoek naar wat de existentialisten ons te bieden hebben in een tijd waarin vrijheid en mensenrechten weer onder druk staan. Deze pageturner brengt perfecte mix van biografieën en ideeën. Bakewell's boek is een mengsel van filosofie en biografie van de hoofdrolspelers van het existentialisme van anekdoten en inzichten van persoonlijke herinneringen en cultuurgeschiedenis. Vrij Nederland

**At The Existentialist Café** Sarah Bakewell, 2016-03-03 Shortlisted for the PEN Hessell Tiltman Prize Paris, near the turn of 1932-3. Three young friends meet over apricot cocktails at the Bec de Gaz bar on the rue Montparnasse. They are Jean Paul Sartre, Simone de Beauvoir, and their friend Raymond Aron, who opens their eyes to a radical new way of thinking. It's not often that you miss your bus stop because you're so engrossed in reading a book about existentialism, but I did exactly that. The story of Sartre, Beauvoir, Camus, Heidegger, et al, is strange, fun, and compelling reading. If it doesn't win awards, I will eat my copy. Independent on Sunday. Bakewell shows how fascinating were some of the existentialists' ideas, and how fascinating, often, frightful were their lives. Vivid, humorous anecdotes are interwoven with a lucid and unpatronising exposition of their complex philosophy. Tender, incisive, and fair. Daily Telegraph. Quirky, funny.

clear and passionate Few writers are as good as Bakewell at explaining complicated ideas in a way that makes them easy to understand Mail on Sunday New Perspectives on Sartre Adrian Mirvish,Adrian Van den Hoven,2010 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre s last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre s relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre TM s thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre TM s relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre s work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit

**A Guide to Merleau-Ponty's Phenomenology of Perception** George J. Marshall,2008 This book aims to guide its reader through the notorious difficulties of Merleau-Ponty s famous Phenomenology of Perception The author contextualizes reconstructs clarifies and where necessary completes Merleau-Ponty s analyses chapter by chapter

Merleau-Ponty's Critique of Sartre's Philosophy Margaret Whitford,1982 Beauvoir and Sartre Christine Daigle,Jacob Golomb,2009 Addresses questions of influence between two of the 20th century s greatest minds **Sartre** Katherine J. Morris,2008 A novel introduction to Jean Paul Sartre s existentialist phenomenology Draws parallels between Sartre s work and the work of Wittgenstein Stresses continuities rather than conflict between Sartre and Merleau-Ponty and between Sartre and post structuralist post modernist thinkers thus corroborating new Sartre readings Exhibits the influence of Gestalt psychology in Sartre s descriptions of the life world Forms part of the Blackwell Great Minds series which outlines the views of the great western thinkers and captures the relevance of these figures to the way we think and live today **The History of Continental Philosophy** Alan D. Schrift,2011-01-01 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental

tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant s philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike

*Merleau-Ponty's Later Works and Their Practical Implications* Duane H. Davis,2001 In his final and posthumously published work The Visible and the Invisible Maurice Merleau Ponty employed the term dehiscence as a wonderful metaphor to describe our emergence within the world This botanical term aptly calls to mind both the efflorescence of individuality within a shared context and the development of the practical implications of Merleau Ponty s thought The latter subject is the principal focus of the works collected in this book Part One a translation of three recently discovered letters between Jean Paul Sartre and Merleau Ponty provides a detailed record of the disagreement over political issues that ultimately drove the two philosophers apart Part Two contains five essays devoted to the political implications of Merleau Ponty s later thought some scholars criticize the attempt to find practical political applications for this thought others suggest how such a project might be accomplished Part Three contains another five essays devoted to the ethical implications of these later texts As in the previous section some are critical assessments others adumbrate the ways in which these insights might be successfully appropriated for such a praxis This superb anthology addresses the critical need for material directly addressing the politics and ethics implied by Merleau Ponty s later works      [Kierkegaard's Late Writings](#) Niels Jørgen Cappelørn,Hermann Deuser,K. Brian Söderquist,2010 Kierkegaard Studies Yearbook 2010 is comprised primarily of articles by senior Kierkegaard scholars who have been asked to reflect retrospectively on why they became involved with the works of Soren Kierkegaard and to describe the results of the relationship The volume thus contains scholarly essays with a personal point of departure authored by historians philosophers theologians and literary scholars In addition Yearbook 2010 includes a series of guest lectures by international scholars Articles are written in English and German      [Radical Philosophy Review](#) ,2001
