Published in 1911, this book explores the real world locations that served as settings for iconic works such as *Oliver Twist*, *Great Expectations*, and *A Tale of Two Cities*. Kitton masterfully blends topographical description with literary analysis, providing insights into how these environments shaped Dickens's creative vision. More than just a travel guide, *The Dickens Country* delves into the social and historical contexts that informed Dickens's writing, making it an invaluable resource for students, scholars, and anyone captivated by the world of Victorian England. Discover the enduring appeal of Dickens's England and the places that brought his stories to life. It seems but a week or two ago that Frederic Kitton first mentioned to me the preparation of the volume to which I have now the melancholy privilege of prefixing a few words of introduction and valediction. It was in my office in Covent Garden where he used often to drop in of an afternoon and talk for a spare half hour at the end of the day of Dickens and Dickensian interests. We were speaking of a book which had just been published, somewhat similar in scope to the volume now in the reader's hand, and Kitton, with that thoroughly genial sympathy which always marked his references to other men's work, praised warmly and heartily the good qualities which he had found in its composition. Then quite quietly and as though he were alluding to some entirely unimportant side issue, he added, "I have a book rather on the same lines on the stocks myself, but I don't know when it will get finished. That was a little more than a year ago, and in the interval how much has happened! The book has indeed got finished in the pressure of that indefatigable industry which his friends knew so well, but its author was never to see it in type. Almost before it had received his finishing touches, the bright, kindly, humane spirit of

Frederic Kitton was at rest and forever He died on Saturday September 10 1904 and left the world appreciably poorer by the loss of a sincere and zealous student a true and generous man As I turned over the pages of the book in proof and recalled this passing conversation it seemed to me that the whole character of its author was displayed as under a sudden light in that quite unconscious attitude of his towards the two books the one his friend s the other his own For no one that I ever met was freer from anything like literary jealousy or the spirit of rivalry in art no one was ever more modest concerning his own achievements About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Monthly Chronicle of North Country Lore and Legend ,1889 Transatlantic Literature and Author Love in the Nineteenth Century Paul Westover,Ann Wierda Rowland,2016-09-22 This book is about Anglo American literary heritage It argues that readers on both sides of the Atlantic shaped the contours of international English in the 1800s expressing love for books and authors in a wide range of media and social practices It highlights how in the wake of American independence the affection bestowed on authors who became international objects of celebration and commemoration was a major force in the invention of transnational English literature the popular canon defined by shared language and tradition While love as such is difficult to quantify and recover the records of such affection survive not just in print but also in other media in monuments in architecture and in the ephemera of material culture Thus this collection brings into view a wide range of nineteenth century expressions of love for literature and its creators **The Dickens Country** Frederic George Kitton,1905 *England* Findlay Muirhead,1924 **The Nation** ,1872 **London and Its Environs** Findlay Muirhead,1919 **Storm Data** ,1997-03
