The Bookman ,1894 The American Catalogue ,1891 *A Handy Bibliographical Guide to the Study of the German Language and Literature for the Use of Students and Teachers of German* Karl Breul,1895 **The German Classics of the Nineteenth and Twentieth Centuries, Volume 06** Ludwig Van Beethoven,2018-07-14 The German Classics of the Nineteenth and Twentieth Centuries Volume 06 Masterpieces of German Literature Translated into English in Twenty Volumes by Ludwig van Beethoven The history of German literature makes mention of few men more self centered and at the same time more unreserved than Heinrich Heine It may be said that everything which Heine wrote gives us and was intended to give us first of all some new impression of the writer so that after a perusal of his works we know him in all his strength and weakness as we can know only an amiable and communicative egotist moreover besides losing no opportunity for self expression both in and out of season Heine published a good deal of frankly autobiographical matter and wrote memoirs only fragments of which have come down to us but of which more than has yet appeared will perhaps ultimately be made accessible Heine s life then is to us for the most part an open book Nevertheless there are many obscure passages in it and there remain many questions not to be answered with certainty the first of which is as to the date of his birth His own statements on this subject are contradictory and the original records are lost But it seems probable that he was born on the thirteenth of December 1797 the eldest child of Jewish parents recently domiciled at D sseldorf on the Rhine We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection

have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
