The German Polity:

The German Polity David P. Conradt, Eric Langenbacher, 2013 This thoroughly revised and updated edition of The German Polity provides a comprehensive introduction to contemporary German politics focusing especially on the recovery of the economy and Germany's growing power in Europe and beyond. Looking back David P. Conradt and Eric Langenbacher trace the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification. Looking to the present the authors explain and assess its major institutions, actors and issues. Looking forward they explore the looming economic, security and demographic challenges the political system must address in the years to come.

The German Polity Eric Langenbacher, 2022 This thoroughly revised and updated edition provides a comprehensive introduction to contemporary Germany one of the world's foremost economic and political powers. During a series of profound crises over the last decade including migration challenges, Brexit and the Covid 19 pandemic Germany has emerged as the undisputed leader of the European Union. One of the world's strongest economies it exports goods, services and ideas around the world. In foreign policy it has taken on a more prominent role especially with its pursuit of soft power. Yet as adept as German policy making has been the challenges have produced strains that reveal the limits of German influence. Moreover after sixteen years in power Chancellor Angela Merkel will retire and new leadership will guide the country through the 2020s. Looking back Eric Langenbacher traces the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification. Looking to the present the author explains and assesses its major institutions, actors and issues. Ideology and Interests in the German State (RLE: German Politics) Gary Bonham, 2014-12-17 This book addresses major theoretical issues in the fields of public administration and comparative politics. It discusses the role which ideology played as a unifying force for at least parts of the German state bureaucracy in Wilhelmine Germany. The examination of a modernizing ideology in the German case is useful for an understanding of the political dynamics of state led modernization and industrial strategy in many contemporary societies and the author explains political behaviour and relations in Germany in general terms that are universally relevant.

The Saturday Review of Politics, Literature, Science and Art, 1856

Germany Today (RLE: German Politics) John P. Payne, 2014-12-17 This book originally published in 1971 provides clear analysis of German affairs at the end of the 1960s. Without neglecting the historical dimension of recent developments it examines some of the problems the

German people faced in the post war years Written by experts but nonetheless in an accessible style the essays in this book give an insight into the methods of particular disciplines such as history economics politics or sociology whilst offering an introduction to many aspects of German life The German Polity: 2nd. Ed David P. Conradt,1982 Modern Germany

Peter James,1998 Modern Germany examines all aspects of contemporary political economic social and cultural life in the new Germany Using a clearly structured approach and accessible language the contributors explain the electoral and political systems and underline the significance of the Federal system in Germany They discuss problems in the education system and social provision and also chronicles recent changes in the German economy and industry Modern Germany also describes the media landscape of the nation and the recent reforms to the German language **The Founding of the**
