The Gilded Man:

The Gilded Man Clifford Smyth, 2020-08-13 Reproduction of the original *The Gilded Man* by Clifford Smyth **The Gilded Man** A. F. Bandelier, 1893 Example in this ebook THE GILDED MAN CHAPTER I CUNDINAMARCA While the early Spanish adventurers in America are justly charged with neglecting the true interests of colonization in their excessive greed for treasure and thereby bringing harm to those parts of the Western Continent which they entered it cannot be denied that their irrepressible seeking for the precious metals contributed directly to an earlier knowledge and a more rapid settlement of the country The Spaniards thirst for gold led them into adventures which excite admiration and wonder as expressions of manly energy while they offer the saddest pictures from the point of view of morals In every age gold has presented one of the strongest means of enticing men from their homes to remote lands and of promoting trade between distant regions and the settlement of previously uninhabited districts We have received from the earliest antiquity the stories of the voyage of the Argonauts of the expedition of Hercules after the golden apples of the Hesperides and of the settlement of the Phoenicians in Spain the gold of which they carried to the Syrian coast For gold the Semitic navigators sailed from the Red Sea to Tarshish and Ophir Portuguese seamen as early as the middle of the fifteenth century brought gold from the west coast of Africa in order to find a sea route to the gold lands of India Vasco da Gama sailed around the Cape of Good Hope and in order to obtain a shorter route from Spain to India Christopher Columbus ventured out upon the Atlantic Ocean and there reached the new gold land America On Thursday October 11 1492 Columbus landed upon Watling Island or Guanahani one of the Bahama group and on Saturday the 13th he wrote Many of these people all men came from the shore and I was anxious to learn whether they had gold I saw also that some of them wore little pieces of gold in their perforated noses I learned by signs that there was a king in the south or south of the island who owned many vessels filled with gold This was the first trace of gold which the Europeans found in America Cuba where the Admiral next landed afforded him no gold but he found the precious metal so abundant in Hispaniola Santo Domingo or Hayti that he was able after he returned to write from Lisbon to his sovereigns March 14 1493 To make a short story of the profits of this voyage I promise with such small helps as our invincible Majesties may afford me to furnish them all the gold they need Hispaniola continued till the first decade of the sixteenth century to be the seat of gold production in the newly discovered western land The consequences of this gold seeking to the unhappy natives are well known and need not be dwelt upon The operations were continued on this island for only a very short time As a result of the fearfully rapid disappearance of the aborigines the supply of laborers began to fail and the mines fell into disuse although according to Herrera they furnished to the mother country Spain down to the discovery of Mexico five hundred thousand ducats in gold To be continue in this ebook *The Gilded Man (El Dorado)* A.F.
