Habakkuk Heath A. Thomas, 2018-07-17 The book of Habakkuk has much to teach us about suffering and complaint faith and fear and the fidelity of God in times of trouble it generates reflection on prayer peace violence and faithfulness In this volume one of the few commentaries examining Habakkuk by itself Heath Thomas explores this overlooked Old Testament prophet in order to hear God's word for us today The LORD Who Listens Charles C. Helmer IV, 2024-02-26 In The LORD Who Listens Charles C Helmer IV draws on Holy Scripture and the theology of Karl Barth to offer a theological interpretation of God's hearing Prioritizing this neglected biblical theme Helmer develops a theological grammar for speaking of God's hearing that maintains a strong creator creature distinction and then proceeds to demonstrate the profound implications God's hearing has for the doctrines of anthropology Christology and thus for understandings of the gospel In contrast to passibilist liberationist strategies God's hearing is argued to furnish existentially and theologically superior resources for those who cry out to be heard by God **Life with God - Responding to God's Love** , Amidst Mass Atrocity and the Rubble of Theology Peter Admirand, 2012-03-16 It is hubris to claim answers to unanswerable questions Such questions however as part of their burden and worth must still be asked investigated and contemplated How there can be a loving all powerful God and a world stymied by suffering and evil is one of the unanswerable questions we must all struggle to answer even as our responses are closer to gasps silences and further questions More importantly how and whether one articulates a response will have deep lasting repercussions for any belief in God and in our judgments upon one another Throughout this wide ranging interdisciplinary work Peter Admirand draws upon his extensive research and background in theology and testimonial literature trauma and genocide studies cultural studies philosophy of religion interreligious studies and systematic theology As David Burrell writes in the Foreword The work's intricate structure organization and development will lead us to appreciate that the best one can settle for is a fractured faith built on a fractured theodicy expressed in a language explicitly fragmented pluralist and broken *Retrospective—From the Void of Emptiness to Planet Earth* Herman Wong, 2012-12-29 I was given an opportunity to return to Earth to complete my unfinished business from God While I was visiting heaven I had re signed a contract with God promising that I would write a book about my experience I always fulfill what I promise I believe it is a beautiful thing to do I have written about my experience in this book *Retrospective From the Void of Emptiness to Planet Earth* I have explored what it is like living as a spirit in nothingness before we set foot on Earth In my opinion our true nature is an infinite being temporarily accommodated in a physical body that we animate on Earth This is part of the spiritual journey we must take I have explained how a person should take care of himself because no one else can provide such personal responsibility for another individual Therefore you should love yourself and believe you are significant Celebrate your life at every moment In addition in discussing an issue regarding my health I realized that the most valuable thing in life is to have superb health That is how I ended up in heaven but was given a second chance to return to
