The Gods 1910:

Richard M. Weaver, 1910-1963 Fred Douglas Young, 1995 Young accomplishes this by using Weaver's own writings on scholarship and by discussing his most representative and significant essays and books *Ideas Have Consequences* *Language Is Sermonic* and others Young also interviews the people who were closest to Weaver Russell Kirk Cleanth Brooks Clifford Amyx an artist and intellectual his sister Polly Weaver Beaton and Professor Wilma R Ebbitt a colleague and friend during Weaver's years at the University of Chicago Although many have associated Weaver with the Vanderbilt Agrarians and have stereotyped him as a conservative this work makes plain that Weaver cannot be seen simply and wholly in this light Many of the stands Weaver took such as opposing the registration of Communists during the McCarthy era set him apart from the conservative mainstream and made people of many different political persuasions respect his ideas *Scouting in Hong Kong, 1910-2010* Paul Kua, 2024-05-05 *Scouting in Hong Kong 1910 2010* Citizenship training in colonial and Chinese contexts originally issued in 2011 as a hardcover book when the Hong Kong youth movement celebrated its centenary is republished with revisions in 2024 as a paperback and an ebook The narratives and analyses developed here covered the what how when and who and the why and so what of the development of the Hong Kong Scout Movement from 1910 to 2010 using a large volume of primary sources It tells the story of Hong Kong Scouting based the theme of citizenship training for youth and its defining categories esp that of race class gender and age both colonial and post colonial The book is also richly illustrated with interesting and instructive images many of which came from the Hong Kong Scout Archives The study originally based on a Ph D dissertation is not meant to be an institutional hagiography Instead it is a critical study aimed at both general readers and readers with more specific interests and should enrich their understanding of the histories of Scouting youth citizenship education the colonies the British Empire and decolonization China and Hong Kong **The Edwardians and the Making of a Modern Spanish Obsession** Kirsty Hooper, 2020-05-14 What did the Edwardians know about Spain and what was that knowledge worth *The Edwardians and the Making of a Modern Spanish Obsession* draws on a vast store of largely unstudied primary source material to investigate Spain's place in the turn of the century British popular imagination Set against a background of unprecedented emotional economic and industrial investment in Spain the book traces the extraordinary transformation that took place in British knowledge about the country and its diverse regions languages and cultures between the tercentenary of the Spanish Armada in 1888 and the outbreak of World War I twenty six years later This empirically grounded cultural and material history reveals how for almost three decades Anglo Spanish connections their history and culture were more visible more colourfully represented and more enthusiastically discussed in Britain's newspapers concert halls council meetings and schoolrooms than ever before It shows how the expansion of education travel and publishing created unprecedented opportunities for ordinary British people not only to visit the country but to see the work of Spanish and Spanish inspired artists and performers in British galleries theatres and exhibitions It

explores the work of novelists travel writers journalists scholars artists and performers to argue that the Edwardian knowledge of Spain was more extensive more complex and more diverse than we have imagined The Poems Of Cynewulf (1910) Charles W Kennedy,2018-12-14 Published in 1910 this volume presents translations of eight poems attributed to the poet Cynewulf Covering the poems Juliana Christ Elene and Fates of the Apostles which have been signed by Cynewulf and Andreas Guthlac Phoenix Dream of the Rood and Riddles that have been assigned to Cynewulf by experts from the field the author provides accompanying historical reference points to provide focus and context for the writings *Off Broadway Musicals, 1910-2007* Dan Dietz,2010-03-10 Despite an often unfair reputation as being less popular less successful or less refined than their bona fide Broadway counterparts Off Broadway musicals deserve their share of critical acclaim and study A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs from the ever popular A Chorus Line and Rent to more off beat productions like Avenue Q and Little Shop of Horrors And while it remains to be seen if other popular Off Broadway shows like Stomp Blue Man Group and Altar Boyz will make it to the larger Broadway theaters their Off Broadway runs have been enormously successful in their own right This book discusses more than 1 800 Off Broadway Off Off Broadway showcase and workshop musical productions It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal selected musicals that opened in Brooklyn and in New Jersey and American operas that opened in New York along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan The typical entry includes the name of the host theater or theaters the opening date and number of performances the production s cast and creative team a list of songs a brief plot synopsis and general comments and reviews from the New York critics Besides the individual entries the book also includes a preface a bibliography and 21 appendices including a discography filmography a list of published scripts and lists of musicals categorized by topic and composer
