is not treated of not any part of the varied shores which bound with the ever revolving tide of human opinion left unexplored A senior magistrate of a French town had the misfortune to have a wife who was debauched by a priest before her marriage and who since covered herself with disgrace by public scandals he was so moderate as to leave her without noise This man about forty years old vigorous and of agreeable appearance needs a woman he is too scrupulous to seek to seduce another man s wife he fears intercourse with a public woman or with a widow who would serve him as concubine In this disquieting and sad state he addresses to his Church a plea of which the following is a pr cis My wife is criminal and it is I who am punished Another woman is necessary as a comfort to my life to my virtue even and the sect of which I am a member refuses her to me it forbids me to marry an honest girl The civil laws of to day unfortunately founded on canon law deprive me of the rights of humanity The Church reduces me to seeking either the pleasures it reproves or the shameful compensations it condemns it tries to force me to be criminal

Voltaire's Philosophical Dictionary Voltaire,2019-08-14 This book does not demand continuous reading but at whatever place one opens it one will find matter for reflection The most useful books are those of which readers themselves compose half they extend the thoughts of which the germ is presented to them they correct what seems defective to them and they fortify by their reflections what seems to them weak It is only really by enlightened people that this book can be read the ordinary man is not made for such knowledge philosophy will never be his lot Those who say that there are truths which must be hidden from the people need not be alarmed the people do not read they work six days of the week and on the seventh go to the inn In a word philosophical works are made only for philosophers and every honest man must try to be a philosopher without pluming himself on being one This alphabet is extracted from the most estimable works which are not commonly within the reach of the many and if the author does not always mention the sources of his information as being well enough known to the learned he must not be suspected of wishing to take the credit for other people s work because he himself preserves anonymity

Voltaire's Philosophical Dictionary Voltaire's, 2015-10-10 The Dictionnaire philosophique Philosophical Dictionary is an encyclopedic dictionary published by Voltaire in 1764. The alphabetically arranged articles often criticize the Roman Catholic Church and other institutions. The first edition released in June 1764 went by the name of Dictionnaire philosophique portatif. It was 344 pages and consisted of 73 articles. Later versions were expanded into two volumes consisting of 120 articles. The first editions were published anonymously in Geneva by Gabriel Grasset. Due to the volatile content of the Dictionnaire, Voltaire chose Grasset over his usual publisher to ensure his own anonymity. There have been many editions and reprints of the Dictionnaire during Voltaire's life but only four of them contained additions and modifications. Furthermore, another work published in 1770, Questions sur l'Encyclopédie, which contained reshaped and modified articles from the Encyclopédie, always in alphabetical order, led many following editors to join this and the Dictionnaire plus other minor works in a unique opus. The Dictionnaire was a lifelong project for Voltaire. It represents the culmination of his views on Christianity, God, morality, and other subjects. *Philosophical Dictionary* Voltaire, 1901 **A Philosophical Dictionary;** Voltaire, 1836
