The Baby Jesus Butt Plug:

The Baby Jesus Butt Plug Carlton Mellick, 2004 This tale of office drones and disposable clones is a splatterpunk odyssey a cautionary tale of corporate omnipotence and a possible blueprint of the future of the nuclear family Back cover Bucket of Face Eric Hendrixson, 2010-10 Thirteen years after a police officer searching a suspected child molester's home spilled a vial of silver pollen America is still struggling with how to recognize its sentient fruit population Charles is just a normal guy working at a doughnut shop until an apple and a banana shoot each other in a mafia dispute leaving a briefcase full of foreign currency and a specimen bucket at the corner booth When Charles turns the wiseguys into doughnuts and steals their luggage hoping for a better life for himself and his kiwi fruit girlfriend he finds himself in the middle of a mafia war As his girlfriend travels the DC metro area selling off the contents of the bucket Charles finds he is the target of a seasoned hit tomato who happens to be the biggest Michael Jackson fan who ever lived **The Egg Said Nothing** Caris O'Malley, 2010 Meet Manny He's your average shut in with a penchant for late night television and looting local fountains for coins With eight locks on his door and newspapers covering his windows he's a more than a bit paranoid too His wasn't a great life but it was comfortable at least it was until the morning he awoke with an egg between his legs But what might have been a curse becomes a charm as this unlikely event leads him to all night diner where he finds inedible pie undrinkable coffee and the girl of his dreams But can this unexpected chance at love survive after the egg cracks and time itself turns against him dead set on rerouting history and putting a shovel to the face of the one person who could bring real and lasting change to Manny's world *The Bizarro Starter Kit* Carlton Mellick, Jeremy Robert Johnson, John Edward Lawson, 2006 Features short novels and story collections by ten of the leading authors in the bizarro genre The Vagina: A Literary and Cultural History Emma L. E. Rees, 2013-08-01 From South Park to Kathy Acker and from Lars Von Trier to Sex and the City women's sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina's puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified The Vagina A Literary and Cultural History examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women's lived sexual experiences such that we don't look at the vagina itself slang offers a convenient distraction to something so taboo The Vagina A Literary and Cultural History is an important contribution to the ongoing debate in understanding the feminine
