Porter, 1989 Revision of the author's thesis doctoral University of Sheffield John's Use of the Old Testament in Revelation Gregory K. Beale, 1998 This Book Explores the variety of ways John contextually uses the Old Testament in the Apocalypse The introduction surveys and evaluates recent studies which have been divided over the issue of whether or not John uses the Old Testament with sensitivity to its original literary context Beale Fekkes and Bauckham argue in the affirmative while Ruiz and Moyise contend that this was not John's focus and see implications for reader response criticism The remainder of the book looks at various ways in which John uses the Old Testament and argues that there is a reciprocal interpretative relationship between the Old Testament and the Apocalypse *Plato's Apology of Socrates* Emile Strycker, 1994 The Apology is analysed as a piece of philosophical rhetoric It proves surprisingly close to the philosophy of Plato's main works and to fourth century rhetorical theory and practice This study also contains a detailed line by line commentary **The Syntax and Semantics of the Verb in Classical Greek** Albert Rijksbaron, 2002 The text of this new edition is substantially that of the second edition but a number of sections have been rewritten entirely or in part notably those on the historic present and the future indicative There is a new section on the aorist of performative verbs which replaces that on the aorist of verbs of emotion Several notes have been rewritten or added e.g. on the uses of *me llw* The part on the oblique optative has been considerably modified A number of examples have been replaced by more relevant texts and some twenty new examples have been added The bibliography has been brought up to date Two important changes concern the addition of an Index locorum and of a sixteen page summary Essentials of Syntax and Semantics The summary makes it

possible to have a quick look at the basic syntactic properties of the Greek verb at the same time it may serve as a repertory that can be memorized Bibliografie van nederlandse proefschriften ,1982 *Eranos* ,1984 **Glotta** ,1991 1909 1934 include section Literaturbericht fu r das jahr 1907 1932 Mnemosyne ,1985 *SSGL* ,1980 **Kratylos** ,1989
