The Assassination Chain Corwin Paperback:

The Posner Files Gerald Posner, 2018-10-02 Definitive accounts of JFK's and Martin Luther King's assassinations by a Pulitzer Prize finalist and New York Times bestselling author. *Case Closed* A Pulitzer Prize finalist and New York Times bestseller. *Case Closed* is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy. Drawing from official sources and dozens of interviews filled with powerful historical detail and including an updated comment for the fiftieth anniversary, Posner's utterly convincing book lays to rest all of the convoluted conspiracy theories concerning the mafia, a second shooter, and the CIA that have obscured what really happened in Dealey Plaza on November 22, 1963. *Chicago Tribune* By far the most lucid and compelling account of what probably did happen in Dallas and what almost certainly did not. *The New York Times Book Review* *Killing the Dream* On April 4, 1968, Martin Luther King Jr. was killed in Memphis, Tennessee, by a single assassin's bullet. James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony where King was shot. An international manhunt ended two months later with Ray's capture. Though Ray initially pled guilty, he quickly recanted and for the rest of his life insisted he was an unwitting pawn in a grand conspiracy. In *Killing the Dream*, expert investigative reporter Gerald Posner cuts through phony witnesses, false claims, and a web of misinformation to put Ray's conspiracy theory to rest and disclose what really happened the day King was murdered. A superb book, a model of investigation, meticulous in its discovery and presentation of evidence, unbiased in its exploration of every claim. And it is a wonderfully readable book, as gripping as a first-class detective story. *The New York Times*

Honest Answers about the Murder of President John F. Kennedy Vincent Michael Palamara, 2021-03-19

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of the assassination as well as many tangential and unessential points as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts and theories, leaves one unsatisfied and quite frankly not sure exactly what did happen on 11-22-63. This book seeks to separate the wheat from the chaff. It is 55 plus years later; it is time for real honest answers in an easy-to-read and understand format. Proof of a conspiracy, no theories to the point, a perspective on the assassination for the millennial age and beyond. Based on years of primary source research and having read countless books on the subject. **SS**

Brotherhood of the Bell Joseph P. Farrell, 2020-04-02 In 1945, a mysterious Nazi secret weapons project code named The Bell left its underground bunker in lower Silesia along with all its project documentation and a four-star SS general named Hans Kammler. Taken aboard a massive six-engine Junkers 390 ultra-long range aircraft, The Bell Kammler, and all project records disappeared completely along with the gigantic aircraft. It is thought to have flown to America or Argentina. As a prelude to this disappearing act, the SS murdered most of the scientists and technicians involved with the project, a secret weapon that according to one German Nobel prize-winning physicist was given a classification of decisive for the war a

security classification higher than any other secret weapons project in the Third Reich including its atomic bomb What was The Bell What new physics might the Nazis have discovered with it How far did the Nazis go after the war to protect the advanced energy technology that it represented In The SS Brotherhood of The Bell alternative science and history researcher Joseph P Farrell reveals a range of exotic technologies the Nazis had researched and challenges the conventional views of the end of World War Two the Roswell incident and the beginning of MAJIC 12 the government s alleged secret team of UFO investigators **How to Kill** Kris Hollington,2014-07-31 Exploding telephones pipe guns and bullets made of teeth aspirin explosives cobra venom darts a rifle that shoots around corners a piss bomb 10 cups of boiled urine mixed with nitric acid exploding clams samurai swords karate chops poisoned umbrellas and a fuel laden light aircraft Sometimes even a regular gun These are just some of the methods that have been used over the last fifty years to speed 4 000 VIPs to a premature end
