The Awesome 'dobie Badlands Muriel Marshall,2000 The Awesome Dobie Badlands skirt the base of mountain ranges in Utah New Mexico and Arizona but the most fascinating area is found along the Gunnison River in Colorado Here they push and twist in pure abstract art form Author Muriel Marshall explains the geology gives photographic hints describes the flora tells us of people who lived here and makes us aware that much more has happened than we could ever imagine in what some would call a wasteland *Journal of the West* Lorrin L. Paulson,William Lawrence Baker,2006 Travellers pass through one jaw dropping landscape after another where the snowy San Juan Mountains meet the canyon and mesa country of the Colorado Plateau in southwestern Colorado Yet this small but remarkably varied region also plainly reveals a history of hard use including logging scars mine polluted rivers and overgrazed grasslands and forests In *The Nature of Southwestern Colorado* Deborah D Paulson and William L Baker guide readers through this awe inspiring land and its human legacies describing in detail the ecology of its six sub regions showing readers how to recognise human influences on the flora and fauna and discussing current trends Although some of the policies and attitudes in southwestern Colorado continue to harm the natural world a number of community projects suggest a promising future Examining these trends the authors search for signs of a new relationship between people and nature emerging here one that enables people to protect restore and coexist with the wild

**Money for Nothing** Sir Pelham Grenville Wodehouse,1952-01-01 The picturesque village of Rudge in the Vale dozed in the summer sunshine Along its narrow High Street the only signs of life visible were a cat stropping its backbone against the

Jubilee Watering Trough some flies doing deep breathing exercises on the hot window sills and a little group of serious thinkers who propped up against the wall of the Carmody Arms were waiting for that establishment to open At no time is there ever much doing in Rudge s main thoroughfare but the hour at which a stranger entering it is least likely to suffer the illusion that he has strayed into Broadway Piccadilly or the Rue de Rivoli is at two o clock on a warm afternoon in July You will find Rudge in the Vale if you search carefully in that pleasant section of rural England where the gray stone of Gloucestershire gives place to Worcestershire s old red brick Quiet in fact almost unconscious it nestles beside the tiny river Skirme and lets the world go by somnolently content with its Norman church its eleven public houses its Pop to quote the Automobile Guide of 3 541 and its only effort in the direction of modern progress the emporium of Chas Bywater Chemist Chas Bywater is a live wire He takes no afternoon siesta but works while others sleep Rudge as a whole is inclined after luncheon to go into the back room put a handkerchief over its face and take things easy for a bit But not Chas Bywater At the moment at which this story begins he was all bustle and activity and had just finished selling to Colonel Meredith Wyvern a bottle of Brophy s Paramount Elixir said to be good for gnat bites Having concluded his purchase Colonel Wyvern would have preferred to leave but Mr Bywater was a man who liked to sweeten trade with pleasant conversation Moreover this was the first time the Colonel had been inside his shop since that sensational affair up at the Hall two weeks ago and Chas Bywater who held the unofficial position of chief gossip monger to the village was aching to get to the bottom of that With the bare outline of the story he was of course familiar Rudge Hall seat of the Carmody family for so many generations contained in its fine old park a number of trees which had been planted somewhere about the reign of Queen Elizabeth This meant that every now and then one of them would be found to have become a wobbly menace to the passer by so that experts had to be sent for to reduce it with a charge of dynamite to a harmless stump Well two weeks ago it seems they had blown up one of the Hall s Elizabethan oaks and as near as a toucher Rudge learned had blown up Colonel Wyvern and Mr Carmody with it The two friends had come walking by just as the expert set fire to the train and had had a very narrow escape Thus far the story was common property in the village and had been discussed nightly in the eleven tap rooms of its eleven public houses But Chas Bywater with his trained nose for news and that sixth sense which had so often enabled him to ferret out the story behind the story when things happen in the upper world of the nobility and gentry could not help feeling that there was more in it than this He decided to give his customer the opportunity of confiding in him *American Book Publishing Record* R.R.
