Cross,2017-06-30 Would you become a cyborg just to survive I did and it ended the world In 2040 three factions went to war over the creation of artilects sentient androids indistinguishable from human beings Five years later Ailith wakes to find the Artilect War over and the modern world destroyed Her only connection to the life she once knew is Tor a stranger who protected her as she slept A cyborg Like her They believed they were the only ones they were wrong Others of their kind are alive and facing execution Their deaths must be prevented at all costs for if they die humankind will become extinct But as Ailith and Tor face off against old enemies and a self proclaimed god they begin to doubt the true nature of their design They can trust no one not even each other despite the passion that binds them together Humanity fought a war to annihilate us Now their future depends on our survival We are the seed The Seeds of Winter is the first book in the Artilect War saga If you like dystopian science fiction with cyborgs heroines and a dash of meta you ll love this series **The Artilect War** A.W. Cross,2018-08-08 Our creation should have saved the world Instead we helped destroy it A new generation of cyborg they were supposed to calm hostilities between those who created the artilects and those who opposed them Instead they were the spark that ignited the Artilect War They survived but so did their enemies Now the very people they re trying to save are intent on annihilating them Nonetheless as long as humanity fights for its survival so will they Only this time there needs to be a winner the future of the human race depends on it I am Ailith Pantheon Modern Program Omega Cyborg O 117 9791 Your future is in my hands This volume contains all three Artilect War novels THE SEEDS OF WINTER Would you become a cyborg just to survive I did and it ended the world Cyborg Ailith woke in the aftermath of the Artilect War to find the modern

world destroyed and her kin facing execution Letting them die is not an option for humankind will survive only if they do But to save them she and Tor must confront old foes and a self proclaimed god THE GARDENER OF MAN Humankind believed we were the enemy I m starting to think they were right The Pantheon cyborgs have found the source of the mysterious signal and with it pieces of the past they d thought lost forever But everyone has secrets their creators their rivals even their new ally Fane whose secret is the most dangerous of all And when those secrets are exposed they trigger a chain of events that once again leaves them all fighting for survival THE HARVEST OF SOULS The time has come to reap what we ve sowed Their enemies have joined forces to destroy them and taken one of their own When their hunt for allies ends in a deadly confrontation Ailith and the others must decide how far they re willing to go to end this war because if the human race is to survive committing the unthinkable might be the only solution If you like dystopian science fiction adventures about cyborgs artilects and the future of the human race you ll love The Artilect War series [The Gardener of Man](#) A.W. Cross,2018-01-25

[The Harvest of Souls](#) A.W. Cross,2018-08-08 Few survived the Artilect War Those that did are coming for us The Program Omega cyborgs left the Mainland to build a future But now their enemies have joined forces and taken one of their own Their only chance to fight back is to find allies but when their hunt ends in a deadly confrontation Ailith and the others must decide how far they re willing to go to end this battle and who might be sacrificed along the way Because if humankind is to survive they need to finish what the Artilect War started even if it means destroying everything they ve tried to protect The time has come to reap what we ve sowed The Harvest of Souls is the explosive final book of the Artilect War a series for those who love fast paced post apocalyptic science fiction about cyborgs artilects and the future of the human race
