Runaway Slaves John Hope Franklin, Loren Schweninger, 2000-07-20 This bold and precedent setting study details numerous slave rebellions against white masters drawn from planters records government petitions newspapers and other documents The reactions of white slave owners are also documented 15 halftones Runaway Slave Settlements in Cuba Gabino La Rosa Corzo, 2004-07-21 Combining archaeological and historical methods Gabino La Rosa Corzo provides the most detailed and accurate available account of the runaway slave settlements palenques that formed in the inaccessible mountain chains of eastern Cuba from 1737 to 1850 decades before the end of slavery on the island The traces that remain of these communities provide important clues to historical processes such as slave resistance and emancipation anticolonial insurgency and the emergence of a free peasantry Some of the communities developed into thriving towns that still exist today La Rosa challenges the claims of previous scholars and demonstrates how romanticized the communities have become in historical memory In part by using detailed maps drawn on site La Rosa shows that palenques were smaller and fewer in number than previously thought and they contained mostly local rather than long distance fugitives In addition the residents were less aggressive and violent than myth holds often preferring to flee rather than fight a system of oppression that was even more effective and organized than generally supposed La Rosa s study illuminates many social and economic issues related to the African diaspora in the Caribbean with particular focus on slavery resistance and independence This translation makes the book available in English for the first time James Williams: Runaway Slave James Williams, My name is James Williams I was born in 1825 in Elkton Maryland My mother was a slave so I was a slave I was born in the house of William Hollingsworth my master When I was ten years old I was a house boy I had to stand at the table and brush off the flies while the guests were dining My master and others would be talking about the slaves and what they could get for them One of the en turned his head and said Tom you must never run away Bad boys are the only ones that run away When their master gets them he will sell them to Georgia where they will bore holes in your ears and plow you like a horse They said this to scare me thinking I would believe them Seeing the difference between freedom and slavery I made up my mind that when I was old enough I would run away Read this true story of how James Williams escaped from slavery alone when he

Autobiography of a Fugitive Negro Samuel Ward, 2014-09-12 This is a memoir written by a runaway slave From the preface THE idea of writing some account of my travels was first suggested to me by a gentleman who has not a little to do with the bringing out of this work The Rev Dr Campbell also encouraged the suggestion I then thought that a series of letters in a newspaper would answer the purpose Circumstances over which I had no control placed it beyond my power to accomplish the design in that form of publication A few months ago I was requested to spend an evening with some ardent friends of the Negro race by the arrangement of Mrs Massie at her house Upper Clapton Her zeal and constancy in behalf of the American Slave are well known on both sides of the Atlantic Nor is there I believe a more earnest friend of my kindred race than is her husband With him I have repeatedly taken counsel on the best modes of serving our cause Late in August last Dr Massie urged on me the propriety of preparing a volume which might remain as a parting memorial of my visit to England and serve to embody and perpetuate the opinions and arguments I had often employed to promote the work of emancipation Peter Carstairs Esq of Madras being present cordially and frankly encouraged the project and other friends in whose judgment I had confidence expressed their warmest approval My publisher has generously given every facility for rendering the proposal practicable To him I owe my warmest obligations for the promptitude and elegance with which the Volume has been prepared I do not think the gentlemen who advised it were quite correct in anticipating that so much would be acceptable in a Book from me I should have gone about it with much better courage if I had not felt some fears on this point However amidst many apprehensions of imperfection I place it before the reader begging him to allow me a word by way of apology I was obliged to write in the midst of most perplexing most embarrassing private business and had not a solitary book or paper to refer to for a fact or passage my brain alone had to supply all I wished to compose or compile Time too was very limited Under these circumstances that I should have committed some slight inaccuracies will not appear very strange though I trust they are not very great or material I beg the reader generously to forgive the faults he detects and to believe that my chief motive in writing is the promotion of that cause in whose service I live I hope that this Book will not be looked upon as a specimen of what a well educated Negro could do nor as a fair representation of what Negro talent can produce knowing that with better

materials more time and in more favourable circumstances even I could have done much better and knowing also that my superiors among my own people would have written far more acceptably It will be seen that I have freely made remarks upon other things than slavery and compared my own with those of other peoples I did the former as a Man the latter as a Negro As a Negro I live and therefore write for my people as a Man I freely speak my mind upon whatever concerns me and my fellow men If any one be disappointed or offended at that I shall regret it all the more as it is impossible for me to say that in like circumstances I should not do just the same again The reader will not find the dry details of a journal nor any of my speeches or sermons I preferred to weave into the Work the themes upon which I have spoken rather than the speeches themselves The Work is not a literary one for it is not written by a literary man it is no more than its humble title indicates the Autobiography of a Fugitive Negro In what sense I am a fugitive will appear on perusal of my personal and family history
