Shadows in the Basement Alan Brown,2022-04-25 Jane Collins gave birth to twin boys One died shortly after childbirth The other had emotional challenges and lacked self confidence Dennis Collins had a difficult childhood His father was an alcoholic and was physically abusive His mother was passive and allowed the abuse to continue She mourned for her dead son Kevin She lived in fear of her abusive husband She had little time to nurture her son s emotional needs Dennis withdrew into a shell and into an imaginary world where his brother Kevin lived In his world Kevin was the strong brother the one that would protect him the one that would stand up to his father As the physical violence and emotional torture of his childhood increased Kevin became more dominant in his life The problem was that Kevin had a dark side When his father was murdered Dennis was certain that his brother was responsible He tried to separate himself from his brother but it was too late Kevin was too strong now too dominant He had taken control and Dennis was powerless to stop him They formed a bond that no one could break They were complete opposites in every regard Both were damaged Both had emotional and psychological problems Together they would become the most prolific serial killer in Kansas City history One detective spent twenty years trying to bring him to justice He had nearly died trying to capture him once His search culminated at a farmhouse in a rural area just north of Lake Geneva Wisconsin where the magnitude of his madness would be realized

husband were soon to learn it was something beyond earthly dimensions Like the bulging doors the taunting voices the heart wrenching vision of a hollow eyed spectral boy the rapacious monsters in human form The house was haunted by angry restless ghosts both the victims and the perpetrators of past unspeakable acts Cathy a young college instructor eager for a new life and Mitch her husband have signed up for an advanced course in terror a terror that will lure Mitch past the gate that separates the known from the unknowable to a place where Cathy can't follow Until driven by desperation Cathy and Mitch discover the darkly hidden psychic bond that will guide them together through life beyond death to confront the paralyzing face of evil itself

Basement Tales. Bob Dylan - The Basement Tapes On Disc (1968-2014) Andrea Brillo,2023-04-03 Basement Tales goes through and analyzes in chronological order the publication on disk of the songs recorded by Bob Dylan The Band in numerous sessions in Woodstock between the months of March and October of 1967 These songs better known as The Basement Tapes were not originally intended for the making of a Bob Dylan's album but for cover versions by various artists of the time The importance of the author and his simultaneous momentary absence from the recording market initially aroused interest from the underground market which started the publication of the first bootlegs in the history of rock and subsequently also those of the official record company The publication of the songs taken from the Basement Tapes begins in 1969 with seven songs present in the bootleg Great White Wonder and ends with the creation in 2014 of a voluminous box of 140 songs by Columbia Records which was The Bootleg Series Vol 11 The Basement Tapes Complete In this long period of time the two markets the underground and the official one have alternated with various record publications which are analyzed in detail in the book
