The Hundred Years

L. J. Andrew Villalon, Donald J. Kagay

The Hundred Years:

The Hundred Years War L. J. Andrew Villalon, Donald J. Kagay, 2005 This work the first of a two volume set brings together essays of European and American scholars on the wider regional and topical aspects of the Hundred Years War as well as articles that revisit questions posed and supposedly solved by traditional Hundred Years War scholarship

The Hundred Years War Edouard Perroy, 1951 Political and military history of the period by a professor of Medieval History at the Sorbonne

The Hundred Years' Trial Alexander Gouzeoules, Harold Gouzeoules, 2025-07-01 A new account of the enduring cultural legal and scientific legacy of the 1925 Scopes Trial In *The Hundred Years Trial* Alexander and Harold Gouzeoules explore the century long impacts of the historic 1925 Scopes Monkey Trial starting with the development of evolutionary theory and charting the resulting cultural and legal conflicts over evolution in the United States Through a blend of legal history scientific exploration and cultural analysis the authors reexamine how this landmark trial remains a pivotal moment in shaping modern debates on science religion and education The Scopes Trial became a symbol of a larger culture clash where questions of academic freedom the role of religion in public life and the boundaries of state intervention are fiercely debated This book uncovers the complex layers of this conflict offering readers a broader perspective that extends beyond the courtroom drama In tracing the legacies of Clarence Darrow and William Jennings Bryan the authors analyze how the trial's outcomes reverberated through later Supreme Court cases and shaped public policies and educational standards well into the twenty first century The authors further illustrate how the dialogue surrounding evolution has contributed to contentious debates not merely over the acceptance of evolutionary theory itself but regarding emergent claims and interpretations that continue to generate public and legal scrutiny One hundred years later the tensions between science and religious belief that were so brightly illuminated by Scopes are not only still with us but also increasingly relevant to the perpetual cultural issues in the American political consciousness abortion climate change and vaccines The Hundred Years Trial is vital for understanding not only how we arrived at our current political moment but also where we go next in communicating science to a skeptical public

The English Bowman in the Hundred Years War M J Trow, 2025-10-30 They were often half starved marching through an alien land with few signposts and no maps They were often suffering from dysentery their legwear rolled down and they sometimes fought naked from the waist down They were paid 6d a day the same as a civilian craftsman and they swore like the troopers they were That was why the French called them the Goddamns and king and peasant alike were terrified of them With their yew wood bows and ash arrows a clothyard long they were the victors in countless clashes during the Hundred Years War and in the three great battles of Crecy Poitiers and Agincourt They robbed pillaged raped and murdered often in their king's name Yet they won battles and it is no exaggeration to say that England became a powerful nation state because of them If they were caught in action by the enemy they would have their bow fingers cut off and their throats slit We know the names of very few of them They were not worthy

of ransom unlike the knights they fought for Most of them ended up in mass burial pits or some unmarked plot beside a French road The vast majority was illiterate so we have no firsthand accounts of their campaigns from the bowmen themselves For all they won battles and renown for all they helped indirectly to increase the power of the common man they are like ghosts drifting over the battlefield They were the bowmen **The Hundred Years War** Desmond Seward,1978 Discusses the war between England and France that began in 1337 and continued until the English defeat in 1453 *The Bagford Ballads* ,1878 The dictionary of English history, ed. by S.
