The Image Of Man In C S Lewis:

The Image of Man in C. S. Lewis William Luther White, 2009-01-12 It is in the role of remythologizer that C S Lewis has been most misunderstood and it is there that his importance lies His was the poetic intensity that saw all hell swallowed by a butterfly with no harm done Of his creation are allegories and myth that express very real elements of life behind understanding or capture for more than a moment White s 1969 study is the first to examine the entire Lewis corpus and the first to offer such an extensive bibliography To these invaluable aids for Lewis scholars White adds his own training in theology and literary criticism and a sensitivity to the complexities of the artist and the religious man His interpretation of the intricate skeins of belief to be found in Lewis work make this study as significant to the theological as to the literary world

J. R. R. Tolkien's Sanctifying Myth Bradley J. Birzer, 2014-05-13 Since the appearance of *The Lord of the Rings* in 1954 J R R Tolkien s works have always sold briskly appealing to a wide and diverse audience of intellectuals religious believers fantasy enthusiasts and science fiction aficionados Now Peter Jackson s film version of Tolkien s trilogy with its accompanying Rings related paraphernalia and publicity is playing a unique role in the dissemination of Tolkien s imaginative creation to the masses Yet for most readers and viewers the underlying meaning of Middle earth has remained obscure Bradley Birzer has remedied that with this fresh study In *J R R Tolkien s Sanctifying Myth Understanding Middle earth* Birzer explains the surprisingly specific religious symbolism that permeates Tolkien s Middle earth legendarium He also explores the social and political views that motivated the Oxford don ultimately situating Tolkien within the Christian humanist tradition represented by Thomas More and T S Eliot Dante and C S Lewis Birzer argues that through the genre of myth Tolkien created a world that is essentially truer than the one we think we see around us every day a world that transcends the colorless disenchantment of our postmodern age A small knowledge of history Tolkien once wrote depresses one with the sense of the everlasting weight of human iniquity As Birzer demonstrates Tolkien s recognition of evil became mythologically manifest in the guise of Ringwraiths Orcs Sauron and other dark beings But Tolkien was ultimately optimistic even weak bumbling hobbits and humans as long as they cling to the Good can finally prevail Bradley Birzer has performed a great service in elucidating Tolkien s powerful moral vision

THE TRUTH OF THE ORIGIN OF THE UNIVERSE Sabrie Soloman, 2024-06-12 In a world filled with scientific explanations and theories it can be easy to lose sight of the ultimate truth of our existence The truth is that the universe with all its intricate complexities did not come into being by mere chance or a random explosion It was carefully designed and orchestrated by a higher power a Creator who holds everything together When we look up at the night sky and see the countless stars and galaxies stretching out into infinity we cannot help but be in awe of the sheer magnitude and beauty of it all The heavens declare the glory of God as it says in the Bible and remind us of the greatness of the one who made it all The theory of the Big Bang which posits that the universe began as a singular point and expanded over billions of years is a flawed explanation for the origin of the universe It fails to account for the

intricate design and order that we see in the cosmos as well as the existence of life on earth The marvel of our planet Earth with its perfect conditions for sustaining life points to a Creator who had a purpose and a plan in mind when he made it The countless galaxies and stars that we observe in the universe are a testament to the power and creativity of God They show us that we are part of a vast and wondrous creation one that was made by an intelligent designer who had a vision for it all The theory of evolution put forth by Charles Darwin is another flawed explanation for the diversity of life on earth It fails to explain the intricate complexities of living organisms and their unique design as well as the existence of the human soul It is clear that we are not the product of blind chance or random mutations but rather the handiwork of a loving and powerful Creator The truth of the origin of the universe points to a Creator who holds everything together and has a purpose and a plan for it all God stretches out the heavens and allows light to reach us here on earth showing us his care and provision for his creation We are not the product of random chance or blind evolution but rather the cherished creation of a loving God who made us in his image Let us never forget the marvel and wonder of the universe and the greatness of the one who made it all

The Story of the Cosmos Daniel Ray, Paul Gould, 2019-07-16 Unraveling the Mysteries of the Universe What do you see when you gaze at the night sky Do you contemplate the stars as the random result of an evolutionary process Or do you marvel over them as a testament of the Creator's glory Modern science has popularized a view of the cosmos that suggests there is no need for God and denies any evidence of His existence But The Story of the Cosmos provides a different and fascinating perspective It points to a God who makes Himself known in the wonder and beauty of His creation This compilation from respected scholars and experts spans topics from The Mathematical Creation and the Image of God to The Glorious Dance of Binary Stars and God's Invisible Attributes Black Holes Contributors include Dr William Lane Craig Dr Guillermo Gonzalez Dr Melissa Cain Travis and Dr Michael Ward Come take a deeper look at the universe and explore the traces of God's glory in the latest discoveries of astronomy science literature and art

[The Soul of the Lion, the Witch, & the Wardrobe](#) Gene Edward Veith, 2005 When C S Lewis published The Lion the Witch and the Wardrobe he created one of Christendom's most cherished allegories Viewers of the movie as well as readers of the book will come away deeply moved by what they have encountered in Narnia They will have countless questions such as How did the Witch take over Narnia Why couldn't Edmund resist temptation Why did the Lion have to die And they will find the answers in this wonderful book written for Christians and non Christians alike Receive a free poster a 10 value with every order Enter promotion code SLposterat checkout Poster is delivered rolled not folded and is suitable for framing
