## **The Indignant Years:**

The Age of Surveillance Capitalism Shoshana Zuboff, 2019-01-15 The challenges to humanity posed by the digital future the first detailed examination of the unprecedented form of power called surveillance capitalism and the quest by powerful corporations to predict and control our behavior The heady optimism of the Internet's early days has turned dark Surveillance capitalism has deepened inequality sown societal chaos and undermined democracy The fight for a human future has never been more urgent Shoshana Zuboff argues that we still have the power to decide what kind of world we want to live in Will we allow surveillance capitalism to wrap us in its iron cage as it enriches the few and subjugates the many Or will we demand the rights and laws that place this rogue power under the democratic rule of law Only democracy can ensure that the vast new capabilities of the digital era are harnessed to the advancement of humanity The Age of Surveillance Capitalism is a deeply original exquisitely reasoned and spell binding examination of our emerging information civilization and the life and death choices we face

**A Commentary on Daniel** Leon J. Wood, 1998-06-25 **The Time Is Always Now** Nick Bromell, 2013-09-04 From the 1830s to the present black intellectuals have almost necessarily identified with the subjugated and demanded that every person's inherent dignity be recognized Despite the fact that this tradition has lasted nearly two centuries political philosophers have mostly ignored it as an inspiration for reconstructing democracy on more egalitarian grounds Nick Bromell argues in *The Time is Always Now* that blacks' reflections on their painful experience and their ability to advocate for people both black and more than black an Obama quote provides us with the foundation for constructing a democracy that is less angry and more welcoming of a cosmopolitan polity Concise yet sweeping in scope *Black and More than Black* will force people who think hard about democracy to incorporate the insights of black Americans over time from James McCune Smith to W E B DuBois to Barack Obama

**The present time** Brander Matthews, Laurence Hutton, 1886 *The Way of Salvation, Meditations for Every Day of the Year, Translated from Italian* Alfonso Maria De Liguori, James Jones, 2025-07-28 Reprint of the original first published in 1836 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

**Open Sesame!:**  
**Arranged for students over fourteen years old** Blanche Wilder Bellamy, Maud Wilder Goodwin, 1890 **DANIEL: Touchstone of Prophecy** Kent Stevens, 2008-07-31 Scholars agree Daniel's prophecies detail history up to 164 B C then opinions split But why not continue following the trail of history What if we could prove his prophecies are already fulfilled

This verse by verse pursuit takes us a little outside popular explanations and turns up some surprising answers Discover how the Little Horn of the dragon has been in plain sight of history all along why one prophecy is divided into weeks who is the real prince to come and who is the true Covenant Maker that the 2300 evenings and mornings are not mere days on a calendar how the 1290 and 1335 day prophecy bring us to an oft neglected turning point in Jewish history Determined to let Scripture speak for itself Kent Stevens attempts to support every verse with well known details from history Even if you end in disagreeing with the author s compelling arguments we hope you will conclude with him that Daniel is truly a unique touchstone that challenges and tests the way we view prophecy
