## **The Inner God:**

**The Inner God and Happiness** Pekka Ervast,2018-07-26 Finnish Theosophist Pekka Ervast shows us in a consistent way how a person seeking truth can get a personal experience of God's existence and how God loves him or her and all people with constant and unalterable love God lives inside every human being and with this Inner God we can be happy in the circumstances that we are in right now Happiness is not a reward one gains after a struggle but it is the purpose of human life The only way out of illnesses worries vices and the feeling of loneliness is faith in life itself and one's mission in life It is the only remedy which helps with everything Faith is regular meditation or prayer through which one begins to understand that the purpose of life is to be of help to others

**Your Inner God** Carmina Harr,2014-11-07 I can certainly state that writing can change your life It is one of the therapies I practised and it had very good results That is how I began to write the book Initially out of impulse Afterwards I realized how much it helped me writing everything I felt in my heart The miracle offered by writing is that you get the answers to all your questions Those questions to which only your heart can answer Once you find answers to everything you did not even think you would come up with solutions you are absolutely healed I feel that only a person completely healed can help the others The rest is just dust in the wind The message of the book is practically beyond words If you open yourself the God within you will write with your own hand everything your mind would not even think possible A few words about me Following my inner transformation I have become what I am now What are the fundamental features that define me I am a determined woman very active I relish the experiences full of action I always know what I want and where I want to get I act for what I want I am an expansive woman full of life I attract people around me by the intelligence and refinement I have I am attracted to powerful persons with a sparkling intelligence I have spiritual aspirations and I have the spontaneous quality of leading those around me on the path of self discovery

**New Wine Skins** Allen A. Sweet,2020-07-19 Two thousand years ago Jesus came to establish the kingdom of God Jesus came not to judge us but to save us as Pogo the comic strip character put it From our selves Too many of us have hate in our hearts where there should be love greed in our hearts where there should be generosity and hard heartedness in our hearts where there should be compassion The list goes on Jesus spells out how to enter the kingdom of God by accomplishing by God's grace the emotional flip within us from following the evolutionary selfish emotions of our genetic forbears to embracing the dual emotions of God's own virtues Jesus spoke God's truth in parables based on the agricultural nature of life in his time We recast Jesus emotional dualisms into the scientific understanding of our present age

*The (G)od Theory* Sasha Ravae,2022-08-19 Since birth we

have been conditioned to believe that money will make us happy an attractive and successful partner will make us happy a high IQ will make us happy a big house will make us happy a thriving career will make us happy a perfect life will make us happy but this is all a lie Whenever we pursue happiness we are immediately losing touch with the fact that happiness is already here right now in this very moment without us having to do anything or question anything happiness just is With The God Theory there is no script to stick to the only requirement is that you let your light shine through that you be a true manifestation of the Divine s love and not Ego The process of discovering your Inner God is all about turning your power inward instead of outward no longer giving your power away to anything or anyone and acknowledging that the Creator put you here for a very specific reason this takes patience practice and dedication But once achieved everything in life becomes easier because we re now in flow It s all about swimming downstream
