The Dandelion Clock:

The Dandelion Clock Guy Burt, 2011-01-25 I used to think that perhaps everything that was happening to me my whole life was just a memory As if one moment I could be eleven and playing in the sun and the next I might wake up somehow and find I was old and dying and the day when I was eleven was just a bright clear memory Alex is an artist preparing for an exhibition to mark the peak of his career His life seems ordered and complete but an impulsive trip back to the Italy of his childhood forces him to explore the unresolved questions of his past There in those seemingly innocent days as he swam and played and explored the wild countryside with Jamie and Anna Alex must surely find the key to so much of his later life He has to experience again his first friendship with Jamie and his first love for Anna and to put together the pieces of a story which brought the three of them together more closely than they could understand with a bond which seemed innocent but which resulted in tragedy In this disturbing new novel Guy Burt explores the darker side of childhood love and friendship and the fear and pain of growing up Of Guy Burt s first novel After The Hole the critics wrote A scintillating d but Burt s will be a name to watch Daily Mail Compulsively sinister first novel The Times Insidiously brilliant The Independent [The Dandelion Clock](#) Ursula Bloom, 1966

Labriola,2021-01-12 A novel of resistance In rage and fury it is a protest against the dying of the light An old teacher Leonardo Furioso nicknamed Fury sets out to delete his blighted memories of a life filled with misadventures misdirected passion and mistaken identity The Dandelion Clock is also a portrait of a failed artist as an old man in a black frock coat with long flaring white hair In his beleaguered and bewildered second childhoodness on the threshold of oblivion Fury mocks both life and death as cruel jokes and joyous illusions but delights in their cruel joy The image of the dandelion clock refers to the childhood pastime of counting the puffs it takes to blow the seed head off a dandelion in a past flowering state to tell the time

Before it is too late and in his rebellion against nature Fury attempts to annihilate the past He even hijacks and takes over the narration shifting it from the third to the first person to speak for himself As he says one of the characteristics of the storytelling is the language not only what is said but how it is being said His version of events requires the language of his faltering experiences He wants to discard it all together and subtract himself from the world before it erases every trace of his life story He wants to discard it all together and subtract himself from the world before it erases every trace of his self obliterating life story But from another point of view that of his alter ego Hugh McNab a stronger force wipes out its

opponent virtually without loss It is a story of transformation a tale of conversion In this way the telling of the tale converts it like subatomic particles into radiant energy Anthony Labriola s work has appeared in The Canadian Forum PRISM
